

THE ROAD TO REOPENING WHAT CAN I EXPECT...

COVID conditions in Fresno County and around the nation are improving. With case counts and test positivity rates declining, our community is nearing the time when a return to campus can safely occur for both students and staff. Families will have the choice between three learning options listed below. **Detailed plans and potential schedules for Elementary Schools have not been finalized.**

- **Online Distance Learning Option** (May Result in a Different Teacher/Class Roster)
(Full Time at Home / Daily “Live” Interaction With Teacher)
- **On-Campus In-Person Hybrid Learning Option** (May Result in a Different Teacher/Class Roster)
(Mix of On-Campus Instruction and At-Home Independent Work)
- **Accelerated Education/Edgenuity**
(Full Time at Home / Independent On-Line Program)

Kerman Unified employees are working together to plan for the safe return of students and staff returning for On-Campus In-Person Hybrid Learning, including:

- Practical implementation of new health and safety protocols
- Instructional schedules at the elementary and secondary level
- How transportation and school meals will be provided
- How students move about campus
- And other elements of the school day

A HEALTHY PATH BACK TO CAMPUS:

Hybrid Schedule | Face Coverings | Physical Distancing | Increased Disinfecting | Temperature & Health Screenings

Under Current Guidance and Restrictions

- * One-on-One Services
- * Students with Connectivity Issues
- * Students with Special Needs
- * Foster & Homeless Youth
- * English Learners

Under Approved Elementary Waiver

Elementary students will be able to return to campus in small groups with enhanced health and safety protocols in place.

County Conditions Met 14-Days Tier II

Student’s grades 7-12 will begin returning to campus with enhanced health and safety protocols in place.
