Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contain the following elements:

Assessment of school crime committed on school campuses and at school-related functions.

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the Enterprise High School Administration Office.

Safety Plan Vision

It is the goal of all staff of Kerman Unified School District to provide a nurturing, safe and secure learning environment for all students, staff, families, and community.

Components of the Comprehensive School Safety Plan (EC 32281)

Safety Committee

The School Site Council reviews, amends, and approves the Safety Plan annually.

Assessment of School Safety

Kerman Unified School District has a "Safe Schools Plan of Action" in compliance with the district's expectations and procedures. Parents and visitors must sign at the front office to get access to our campus. Classified and Certificated staff are used to supervise and monitor our students. 2. All students are safe and secure while at school and to and from school.
3. District programs and approved community resources are made available to parents and students.
4. School provides an educational environment where students, parents, staff, and community members are notified in a manner that is respectful.
5. Safety is discussed at our School Site Council meetings to ensure the implementation of safety strategies or discuss additional concerns.
6. Extremely secured campus highly monitored, and records are kept of individuals that visit our school.

All visitors must report to the front office.

All staff are required to always display an ID badge when on campus. Raptor program is used. All access gates to the school are locked during school hours, except the main entrance gate.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

The dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

- B. Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
- C. A well-prepared and tested plan for prompt and positive protection minimizes injuries and loss of life in a major disaster.
- D. In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
- E. During an emergency period or condition created by disaster occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

Enterprise High School has an established and practiced Safe School Plan to be reviewed and updated annually. Evacuation drills are practiced quarterly, such as Fire Drills and Duck and Cover Drills. EHS works with the district and KPD on Disaster Drills. Enterprise High School staff have designated responsibilities and an established chain of command. Parent Square (via Aeries) is used to contact parents in case of an emergency.

Public Agency Use of School Buildings for Emergency Shelters

Procedures are in place to allow a public agency to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting public health and welfare. SCHOOL-WIDE DISCIPLINE POLICIES AND PROCEDURES

Kerman Unified School District has a comprehensive discipline policy. Without a school-wide discipline policy, it is difficult for students to know what is expected, and it is difficult for teachers to know how to handle problems. While effective discipline occurs within each classroom, an effective school-wide discipline provides the entire school with common expectations for student behavior and consistent guidelines for dealing with misbehavior. All disciplinary consequences are in accordance with the Education Code of the State of California.

Parents, community, and the Kerman Unified School District have worked together to provide students with staff, buildings, and equipment to help prepare students for a future of success. Kerman Unified School District is committed to giving students the best education possible and knows students will take special pride in keeping the school a showplace of educational opportunity. Students are expected to assume the responsibilities listed below:

1. Attend class regularly.
2. Be in the assigned seat with all necessary materials when the tardy bell rings.
3. Treat every student and teacher with respect.
4. Follow the specific rules in each class.
5. Have pride and help maintain all school buildings and all school equipment and materials.

Cheating can occur at any time or place and is limited to any item receiving points, credit, or grade in a Kerman Unified School District class. Each offense is accumulating throughout the school year and is not specific to a single class or instructor.

Second Offense: The student is placed on Academic Probation/Contract, is suspended from school for two days, is ineligible from all student activities (co and extracurricular) for 25 school days, and is ineligible for the next dance (not including the Winter Semi-Formal or Prom). The student may receive a referral, parent conference, suspension, transfer, or expulsion. If a student is in a file or part of a program, he/she doesn't belong, the student may receive a referral, two-day class suspension, parent conference, an "F" grade in the class, a transfer from the class, suspension, transfer, or expulsion or any combination thereof. Kerman Unified School District provides on-line access, including Internet access, for students for the purposes of information retrieval or exchange and communication (e-mail). Access is granted only for those engaged in valid school projects under the direction and supervision by district personnel. Computer on-line access through KUSD, including access to the Internet and e-mail, is a privilege dependent upon responsible on-line behavior on the part of the student, and requires written consent by the parent/guardian of the student. Any violation by a student of any provision of the Acceptable Use Agreement may result in the immediate revocation of the computer on-line access privileges for a period to be specified by the school principal/designee, including permanent revocation; referral, suspension, transfer, or expulsion when warranted.

Enterprise High School Incident Command System

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response using standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of seven functions:

Incident Commander

The incident commander will oversee any school emergencies and relay any needed information to the District Office and parents. Parents will be kept informed via the Connect Ed system.

Planning/Logistics

The planning/logistics team will be led by the assistant principal. This team will evaluate each emergency drill to determine how it can be improved so that the school is well prepared for any real emergencies.

District Contact Information

The District Office will be kept informed of the situation and relay any needed information to the appropriate agencies.

Site Operations

The lead custodian will take charge of any site operations as needed.

Student Release and Accountability

The senior secretary and attendance secretary will be in charge of student release and accountability.

First Aid

The LVN and health clerk will be in charge of any needed first aid until any outside services arrive.

Site Contact Information

The site contact information will be the number which parents can call to find out updated information. Parents will be kept informed via the Connect Ed system with information as to where to call for updates.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

The principal will determine the type of emergency with the advisement from other office staff members and activate the Catapult Emergency System.

Step Two: Identify the Level of Emergency

The level of emergency will be determined, setting forth the necessary next steps.

Step Three: Determine the Immediate Response Action

The decision will be made in terms of who to call (police, fire department) and how to keep students safe (lockdown, evacuation).

Step Four: Communicate the Appropriate Response Action

The District Office will be informed immediately. A Connect Ed call will be sent out to the parents if necessary.

Types of Emergencies & Specific Procedures

Aircraft Crash

- 1) Call 911
- 2) Determine if any staff or students are in immediate danger. If necessary, evacuate to a safe area. All others are to remain at their assigned locations. Render First Aid as necessary.
- 3) Take roll and report results to the Principal/Incident Commander.

Animal Disturbance

- 1) Determine if any staff or students are in immediate danger. If necessary, evacuate to a safe area. All others are to remain at their assigned locations. Render First Aid as necessary.
- 2) If possible, the Site Custodian may assist in securing the animal. The animal may be confined to a secure area until it is removed from campus by the City Animal Control Unit.
- 3) Take roll and report results to the Principal/Incident Commander.

Armed Assault on Campus

- 1) Call 911
- 2) Institute Lockdown Procedures
- 3) Remain on Lockdown until "All Clear" is instituted by Police and/or Law Enforcement Personnel.

Biological or Chemical Release

- 1) If you become aware of potentially hazardous release or accident, notify the office immediately. Render first aid as necessary.
- 2) Determine if any staff or students are in immediate danger. If necessary, evacuate to a safe area. All others are to remain at their assigned locations. Render First Aid as necessary. If evacuation is not imminent, students and staff should remain in classrooms or in assigned areas.
- 3) Until ordered to evacuate, assume that a "shelter-in-place strategy" will be employed and do the following:
 - All students and staff are to remain indoors.
 - Turn off all heating and ventilation systems (HVAC).
 - All windows should be closed.

PESTICIDE EXPOSURE (Pesticide Drift)

- 1) If you become aware of potentially hazardous pesticide exposure, notify the office immediately. Render first aid as necessary.

- 3) Until ordered to evacuate, assume that a "shelter-in-place" strategy will be employed and do the following:
 - Direct all students and staff to remain indoors until it is safe or directed otherwise.
 - Direct all heating and ventilation systems (HVAC) to be shut down.
 - Direct all windows to be closed.

Bomb Threat/ Threat Of violence

- 1) The person receiving the threat should attempt to keep the caller on the phone, stall by saying "Sorry, I can't hear you", etc. Try not to cause concern on the part of your students. Pay close attention to the caller's words, voice, and any background noises. Ask the caller where the bomb is located, what it looks like, and when it is going to explode if possible, to gain as much information for Police.

- 7) Return to your normal routine only when the Principal/Incident Commander and the Law Enforcement Agencies are confident that any threat has passed

Bus Disaster

The following procedures are for use by bus drivers and appropriate school administrators in the event of an earthquake, serious bus accident, or other emergency that occurs while students are on a field trip or being transported to or from school. This section addresses two possible scenarios involving a bus disaster: (1) an earthquake and (2) a serious accident or bus fire. It is important to note that drivers may need to make spontaneous, independent decisions based on the nature of the emergency, age of the children, location of the bus, and other unique circumstances to ensure children's safety.

Scenario 1 – Earthquake

- 1) Upon first indication of an earthquake, the bus driver should issue Drop, Cover, and Hold procedures to all students on the bus.
- 2) The bus should be moved away from all power lines, bridges, overpasses, possible landslide conditions, overhanging trees, or other dangerous situations.
- 3) The bus driver should set the emergency brake, turn off the ignition, and wait for the shaking to stop.
- 4) The bus driver should check students for any injuries and provide first aid, as appropriate.
- 5) In the event the bus is disabled, the driver and students should stay in place until help arrives.
- 6) The bus driver should contact the School Administrator and the District Transportation Director to report on the location and condition of students on the bus.
- 7) The School Administrator will determine what additional appropriate notifications should be made and will brief the District Superintendent on the situation.
- 8) If the bus driver is instructed to resume the bus route, the driver should continue to pick students up. Students should only be dropped off if a responsible adult is at the bus stop.
- 9) If it is impossible to return to school, the bus driver should contact the School Administrator and remain with the children until further instructions are received.
- 10) The bus driver is responsible for all students who board the bus throughout the emergency.

Scenario 2 – Serious Accident or Bus Fire

- 1) The bus driver will park the bus in a safe location with the emergency brake set and the ignition off.
- 2) In the event of a fire, students and the driver should evacuate the bus immediately and move to a safe location away from the bus and traffic using available barricades (e.g., trees, cars) when available.
- 3) The bus driver will immediately call 911 and provide the exact location of the bus and wait for the arrival of emergency response personnel.
- 4) The bus driver should check students for injuries and provide appropriate first aid.
- 5) The bus driver should call the School Administrator and the District Transportation Director (refer to the Essential Contacts in the Appendices of this Plan) to report the location and condition of students.
- 6) The School Administrator will determine what additional appropriate notifications should be made and will the District Superintendent on the situation.
- 7) The bus driver is responsible for accounting for all students throughout the emergency.
