

Parent Data Confirmation Information

***Please note that your device may or may not look exactly like the device used in this tutorial. As such, the steps required may vary.*

- Login to your Parent Portal account at the following link:
<https://aeries.kermanusd.com/parent>
- You should be immediately prompted to complete data confirmation before accessing other areas of the portal. Please note, if you have multiple children attending school, you will need to complete this process for each student separately.

The screenshot shows a mobile application interface. At the top, a red-bordered notification box contains an information icon and the text: "You must complete data confirmation before accessing other areas of the portal." Below this is a header bar with a back arrow, the name "Test John" with a dropdown arrow, and a forward arrow. Underneath is a table with student information:

Permanent ID	73714	Gr
State Student ID	N/A	Ag
Status Tag	Active	Se
Student Number	1	Bir

Below the table is a section with a vertical list of steps: "1 Family Information", "2 Student", and "3 Medical History". To the right of this list, there is a blue text prompt: "Please select whether or not at least one parent/guardian of this Armed Forces:". At the bottom, there is a partially visible button labeled "You are not a parent/guardian of this student".

- The Data Confirmation process contains 6 sections. Please ensure that you read each section carefully and complete any forms or questions.

- The Data Confirmation form consists of 3 key areas, as shown in the picture below:

- Blue box: These are the steps required to complete the Data Confirmation process. As you complete each section, a green check mark will appear next to the section you have completed. Please ensure that each section is completed before continuing on to the next.
- Orange box: The middle section will contain the data that you must confirm. Please read this section carefully, as there will be a variety of forms, questions, and other important information that you will have to interact with.
- Red box: After you have completed a section, click the Confirm and Continue button to save the adjustments you have made. **Do not click on the next step (in the Blue box) without clicking Confirm and Continue.**
