Kerman Unified State Preschool

Staff Directory

Welcome to Kerman Unified State Preschool Program

K.U.S.D. is proud to offer you its preschool under State of California guidelines & funding. Our preschool program offers the young children of Kerman an opportunity for social, emotional, physical, & academic growth before they start their formal education. Preschool is not mandatory, but it allows the children who attend to fill in the developmental gaps and assist in future overall success.

We welcome you and your child to preschool this school year. Our entire preschool staff is elated to work alongside you to provide your child with excellent social, emotional, and academic growth. Our program is most effective with the support and assistance from parents/caregivers. We encourage you to volunteer in your child's class, attend preschool parent and PTC meetings, and make it a priority to attend parent/teacher conferences. Parent participation is essential, and it is a beautiful way to show your children that you are interested in their education and success.

If you have questions or concerns throughout the school year, please know that our teachers have an "open door" policy and are here for you. Please let me know if there is anything I can assist you with. Working together, we all will be able to make this a very successful and exciting school year for your child.

Sincerely,
Shelly Asprec

Expectations by Age

Description

Three years old:

Three is an age of smoothness and increased self-control and integration. There is an awareness of what people like and do not like. The typical three-year-olds want to please and are highly susceptible to praise.

Motor behavior is now sure. They enjoy gross motor activities with large objects. Block play usually includes much carrying and lifting, which is as important as the finished product they are building. Fine motor development has progressed to enable this age child to pick up small objects more easily. In writing with crayons, an adult grasp is simulated. Movements are still awkward. Sometimes they will pick up the crayon with the non-dominant hand and then transfer it to the dominant hand.

Play now goes on with other children. The child's imagination often structures play. Language has expanded, and now they can have fun with the language. They like to make up new words and enjoy silly rhyming. They like guessing games and can respond well to directions. Three-year-olds can be induced to respond by using words such as help, needs, guess what, and how about. They like the idea of a surprise and a secret. Compliance is more assured by giving the three-year-old a feeling that they have a choice.

Four years old:

Children begin to test and feel their power. They need climbing apparatus, ladders, boards, and building blocks to release energy and learn. They enjoy dramatic play, excursions around the neighborhood, books and stories, and talking.

Four is not an easy age for children. They are considerably more powerful than at the age of three; language is developing rapidly; time sense is increasing; and they can identify with a larger social group. They are sufficient, leading adults to think they can always perform at a high level. At four, they have not learned everything they need about their own world or other children or adults. They still require acceptance of feelings and help with limits as they did at age three, but always with due recognition of their increased growth. They seek to satisfy curiosity through a discovery process. A school learning environment arranged with centers allows the freedom and materials to provide for individual and group learning. Each child should be given opportunities to create, explore, discover, and experiment through their own experiences to find their unique place in this world...

Five years old:

Children have lost the top-heavy look of infancy and are usually about twice as tall as at two. They are dependable and obedient, with a specific capacity for friendship. They are at their best in small group situations; they are relatively independent and self-sufficient but still need to be able to count on adults for security in the unfamiliar and unexpected.

5-6-year-olds think in concrete terms. Therefore they need concrete experiences in the learning environment. Children must experiment and discover things related to their experiences and their world. Expressions through music and movement are necessary for growth. Dramatic and rhythmic activities are essential. This age child is interested in creative expression through language by introducing sounds, letters, and words. They enjoy learning games that allow them to tell stories, read books through memory, and write language experience stories. During this period, the child is in a more or less constant state of emotional tension. Many difficulties arise out of an inability to shift and modulate behavior. Teachers can help guide behavior by planning a smooth transition time when changing from one activity to another.

Goals and Objectives

The goal of the Kerman Unified State Preschool is to provide an efficient and effective child-centered program which is culturally and developmentally appropriate. The child will develop attitudes and understanding about himself, others and circumstances around him. The academic areas introduced are designed to fill in the gaps in the child's development that will be necessary for future academic success.

The objectives to meet this goal will be as follows:

1. To place a strong emphasis on language development and communication skills.
2. To provide access to books everyday, in addition to resources and materials that enhance the learning process.
3. To expose the students to a well-rounded curriculum that will assure early success in school.
4. To have all parents participate on a regular basis as classroom volunteers.
5. To encourage all parents to participate in the parent advisory meetings and parent education made available.
6. To make available, when feasible, district support services to all program participants.

A typical day at Kerman Unified School District preschool includes the following activities, among many others:

- Art
- Cooking and Food
- Dramatic Play Children
- Health and Safety
- Language Arts
- Math
- Music
- Science
- Large and Small Motor Skills
- Water and Sand

Eligibility

The State of California Income Guidelines will be used to determine eligibility status for children of the proper age span.

1. CSPP eligible four-year-old children are defined as children who have their fourth birthday on or before December 1 of the fiscal year they are being served.

2. CSPP eligible three-year-old children are defined as children who have their third birthday on or before December 1 of the fiscal year they are being served. Children who have their third birthday on or after December 2 of the fiscal year, may be enrolled in a California state preschool program on or after their third birthday.

No children will be denied admission or participation because of race, gender, color, creed, religion, nationality, or ancestry.

Religious practices and/or instruction is not part of this program.

Children with disabilities are welcomed to participate in this program.

No fees will be charged for this program (subject to change by State Child Development Department).

Family Eligibility Requirements, Child Need Requirements, & Classes

Family Eligibility Requirements

Kerman Unified Full day Preschool is a comprehensive child development program serving Kerman, CA. Parents must income qualify. Families establish eligibility at the time of enrollment and provide ongoing eligibility documentation as changes in income or family size occurs.

“Family”

The definition of family in the regulations parallels the definition of parent found in the regulations and Education Code (EC) section 8208(u) which states:

“Parent” means a biological parent, stepparent, adoptive parent, foster parent, caretaker relative, or any other adult living with the child who has responsibility for the care and welfare of the child.

Numerous household compositions and configurations could meet the definition of family. One key factor in determining whether two adults living together are considered a family is if they have a child in common, regardless of marital status and whether or not the child in common is receiving subsidized child development services.

Some examples of household compositions that would constitute a family for purposes of determining family size as specified in CCR 5, section 18100 are listed below.

Combined Family Example 1 is composed of mom, mom’s child from a previous relationship, mom’s boyfriend, and a child in common.

In Combined Family Example 1 the family size is four.

Examples of families where all persons are counted in family size.

In these examples the other adult (parent) has been voluntarily listed on the application by the parent completing the application and no additional documentation would be required to prove the person is accepting responsibility for the care and welfare of the child.

Combined Family Example 2 is composed of mom, mom’s child from a previous relationship, mom’s boyfriend, mom and boyfriend do not have a child in common; however, the boyfriend accepts the responsibility for the care and welfare of the child.

In Combined Family Example 2 the family size is three.

Combined Family Example 3 is composed of dad, dad’s two children, and dad’s mom (grandmother). In this family the grandmother accepts responsibility for the care and welfare of the children. Note: Grandmother cannot be the child care provider in this case.

In Combined Family Example 3 the family size is four.

Combined Family Example 4 is composed of domestic partners and one of the partners has a child.

In Combined Family Example 4 the family size is three.

Other examples are:

Mom is in jail and 2 children are staying with mom’s sister = family size of 2 (treated just as we would 2 foster children).

Dad, 2 children from a previous relationship, and 3 other children for whom he has custody every other week = family size one week 3, the next week 6. In this example, the larger family may be eligible, but not the smaller or both may be eligible, but one may have a family fee.

Mom, 3 children (but one of them is 18 and out of high school) = family size of 3.

Examples of household compositions where one or more individuals are excluded from the family for purposes of determining family size:

In these examples the other adult is not listed on the application by the parent completing the application and no additional documentation would be required to prove the adult has not accepted the responsibility for the care and welfare of the child(ren).

Separate Family Example 1 is composed of mom, mom’s child from previous relationship, and mom’s boyfriend. In this family the boyfriend does not accept the responsibility for the care and welfare of the child.

In Separate Family Example 1 the family size is two.

Separate Family Example 2 is composed of mom, mom's child, and mom's mother (child's grandmother). In this family the grandmother does not accept the responsibility for the care and welfare of the child. Note: If the mother had more children who needed care, sufficient to ensure minimum wage, the grandmother could be the children's child care provider. In Separate Family Example 2 the family size is two.

Separate Family Example 3 is composed of mom, mom's child, mom's sister, and mom's sister's child. Sisters do not claim responsibility for each other's child. In Separate Family Example 3, each sister and her child are considered a separate family of two.

Separate Family Example 4 is composed of mom, mom's child from a previous relationship, mom's boyfriend, and mom's boyfriend's child from previous relationship living together but neither adult claiming responsibility for the other's child. In Separate Family Example 4 mom and her child and dad and his child are each considered a separate family of two.

Separate Family Example 5 is composed of two foster parents (married) with two children of their own, a foster care brother and sister, and an unrelated foster child. In Separate Family Example 5 the foster parent's and their two children are a family of four. The foster siblings are a separate family of two. The unrelated foster child is a family of one.

Separate Family Example 6 is composed of a child living with his/her grandparents who has not been adopted by the grandparents. = family size of 1 for income determination and family fees.

Child Need Criteria

Kerman Unified follows the need criteria as set by California State Preschool Program guidelines and serves 3 1/2 to 4 year old children. Children must be fully potty trained.

There are daily morning (AM) classes from 8:00 am to 11:00 am and afternoon (PM) classes from 11:45 am to 2:45 pm. Preschool does not participate in early release Wednesdays.

Each class will have an enrollment limit of twenty (20) students. Each class will be under the direction of the teacher and two tutors. Parents are welcome to participate in class; please see the parent involvement/responsibilities section for more details.

Preschool Entrance Gate

For the convenience of bringing your child to preschool, the preschool gate at the east end of the campus will be open for preschool parents/guardians. The gate will be open from 7:40 am to 8:05 am for the AM class. Parents/guardians, if you plan to stay past this time, you will be asked to report to the preschool office to obtain a visitor's pass for the day. The AM class will be dismissed from their classrooms; doors will open at 10:55 to get ready for dismissal. The preschool gate will open for the PM session from 10:50 am - 11:05 am. If you are running late to pick up your child, you must enter from the main gate, check into the office to get a pass and pick up the child in the preschool office. Parents will line up with their students by the class to sign in for the PM classes. The preschool gate will be open from 11:40 am to 11:55 am. The preschool gates will then reopen for the dismissal of students at 2:35 pm.

Visitors Passes

Each parent/guardian will be asked to sign in at the front office and issued a daily visitors pass whenever the parent/guardian is on campus during school session (after 8:00 am bell). If another adult (babysitter) picks up the child from school, he/she must report to the front office to sign in and be issued a one day visitors pass. If the parent/guardian or another adult does not have a one day visitor pass while on campus you will be asked to report to the office to sign in and be issued one. **YOU MUST SUBMIT A VALID FORM OF IDENTIFICATION TO OBTAIN A VISITOR'S PASS.**

Health

Each preschool student must have a physical examination and TB skin test. The examination must be done at least 30 days to 1 year before the first day of enrollment. Your child will NOT be enrolled. If your child's physical examination and/or TB skin test expires during the school year, you must bring in the current one. Your child may be dropped if you fail to keep the information current.

Each person working in preschool must obtain a TB skin test, bring proof of their tdap, mmr, influenza (SB 792), receive clearance, and have it on file before working in the classroom.

The Kerman Unified School District designee will keep current health records on each student, handle routine health needs, and inform parents of any concerns and immunization requirements.

The Preschool teachers will be responsible for daily health screenings. Teachers will also do head checks weekly (or more frequently if warranted). The preschool teachers and/or school nurse will provide health education programs and individual health consultations as needed.

Licensing REQUIRES ALL contagious childhood diseases be reported to the preschool staff by contacting the preschool office at (559)843-9342.

Medication

Parents are required by California State Law to inform the school of any medication to be taken by the child at school. Education Code 49423 defines specific requirements for the administration of medication. "... any pupil who is required to take, during the regular school day, medication prescribed for him by a physician, may be assisted by the school nurse or other designated school personnel if the school district receives (1) a written statement from such physician detailing the methods, amount and time schedules by which such medication is to be taken, and (2) a written statement from the parent or guardian of the pupil indicating the desire that the school district assist the pupil in the matter outlined in the physician's statement."

Please obtain a "Medication at School" form at the preschool office. The medication must be clearly labeled and sent to school in a container from the pharmacy. No medication will be administered unless these guidelines are followed.

A new form must also be completed with each new medication. No over-the-counter medicines, such as Tylenol, aspirin, cough syrup, or cough drops, can be given at school, even with a parent's request.

Head Lice

If a student is found with active, adult head lice and/or nits, he/she shall be excluded from attendance. The parent/guardian of any such student shall be given information about the treatment of head lice and encouraged to begin treatment of the student immediately and to check all members of the family. The parent/guardian also shall be informed that the student shall be checked upon return to school the next day and allowed to remain in school if no active head lice/nits are detected.

Upon returning to school, the school nurse or designee shall check the student for active head lice and/or nits. If it is determined that the student remains infected with head lice, the school nurse or designee shall contact the student's parent/guardian to discuss treatment. As needed, he/she may provide additional resources and/or referrals to the local health department, health care providers, or other agencies.

Emergency Card

You must fill out the online emergency card (with at least two people) and keep it up to date, as NO child will be released, during school hours, to anyone not listed on the card. Persons listed on the emergency card MUST be 18 years of age or older AND present

a valid photo i.d. Do not list anyone who does not have custody rights or your permission to pick up the child, even where it asks for mother and father, list only persons with custody rights. If you have any court documentation, you must provide our office with a copy. IT IS YOUR RESPONSIBILITY TO KEEP THE INFORMATION AND PHONE NUMBERS UP TO DATE. Failure to do so may result in your child being dropped from the program.

This MUST be noted if your child has any known allergies or medical problems or is taking any medication. A district form will need to be filled out by your doctor if it affects and dietary needs.

Any change of address, phone number, or medical condition should be updated on your parent portal and reported immediately to your child's preschool teacher.

We use the information from the card to contact parents or guardians in an emergency. When listing emergency contacts, you must provide working phone numbers. The child may not be enrolled without working phone numbers.

Student Insurance

Kerman Unified School District does NOT provide insurance for students. The district does not cover injuries due to accidents or everyday occurrences. This is a parental responsibility. Most of you have insurance coverage that provides for your children.

KUSD does not endorse any insurance company. However, if you do not have coverage for your child, you might wish to look into a private company not connected with the school. You will find information and forms regarding this insurance in the beginning school packet. This insurance is nominal in cost. It would be secondary coverage if you already have insurance. Purchase of the insurance is optional. You may contact the preschool secretary if interested.

Attendance

Attendance is extremely important. The preschool program is designed to help your child prepare for the years of schooling ahead and makes for an easy transition to Transitional Kindergarten or Kindergarten. Children who miss days of school do not receive the full benefit of the program. Of course, we do not expect children to come to school when they are ill or should there be a sudden and unexpected emergency. However, we do expect them to be at school all other days. We will be calling parents of students with irregular attendance. A child may be eliminated from the program if his/her attendance is poor. Excessive tardies will also count towards unexcused absences.

Please note that Title 5, California Code of Regulations, Section 18066 identifies the following categories of excused absences:

1. Excused absences due to the illness or quarantine of the parent or child. This category would include doctor's visits.
2. Excused absences due to court ordered parent visitation,
3. Family Emergencies, which includes illness of siblings and other sudden and unexpected emergencies such as transportation issues. In a sub category for Family Emergency absences, the preschool may set a limit on the number of instances listed in the subcategory, for example the preschool may want to set a limit of 5 excused family emergency absences due to transportation.
4. Excused absences that are in the Best Interest of the Child (BIC) are purely a category of excused absence for children enrolled into the Title 5 funded child care program. BICs have nothing to do with employees of Proteus. Title 5 requires that the program identify the types of situations that constitute excused absence that, from a parent's standpoint, would be an absence in the best interest of the child. BIC's are limited to 10 BIC per child per fiscal year.

Title 5 requires that the CSPP preschool program identify the types of situations that constitute excused absences that would be an absence in the best interest of the child (BIC). BIC days 's are limited to 10 BIC days per child per fiscal year. The CSPP contractor is required to track the use of BIC days, excused absence, per child in the fiscal year.

Any student that accumulates ten (10) days of unexcused/unverified absences may be removed from the program and replaced with a child from the CEL waiting list. This will be done upon request of the preschool secretary after review of attendance and approval of the preschool director.

Prior to removal, the parents will be notified of this intended action and given an opportunity to request a review meeting. Parent will be given fourteen (14) calendar days to appeal the termination notice. (Due process as required by CDD/SDE Contract)

Notice of Action - Whenever an agency makes changes to child care services (for example, by approving or denying services, by changing the approved hours of care, or by terminating services), the agency must notify you by giving you a document called a "Notice of Action" (NOA). The NOA will inform you of the type of action taken, the reasons for the action and the date when the action shall take effect. Parents must file a notice to appeal the action within fourteen (14) days from the date the NOA is given to the parent. Your Notice of Action provides you with specific instructions for appealing an action. Please keep a copy of your NOA. If a parent disagrees with the local hearing appeal decision, the parent may appeal for a state review of the local hearing decision. The Parent Appeal Information Pamphlet (attached) provides information regarding the two levels of appeal described above. Please see your Notice of Action for specific instructions on how to appeal.

A document link for the parent appeal information pamphlet is listed on the Parent Appeal Information page located at <http://www.cde.ca.gov/sp/cd/ci/parentappealinformation.asp>. Management Bulletin 13-04 Answers to Frequently Asked Questions concerning Parent Appeals is located at <http://www.cde.ca.gov/sp/cd/ci/parentappealsfaq.asp>.

The criteria for the decision will be based upon: The school's potential for helping the child (with excessive absences) as compared to the school's potential for helping another child (the replacement).

Any decision is to be made with the child's welfare in mind. The decision to remove a child will be made with concurrence of the director, the teacher and the parents, or a majority of the three.

The Kerman Unified School District psychologist, nurse, and special education director may help (provide information) in this action.

Any grievances pertaining to the actions described in this policy must follow the Fair Hearing Procedures of CDD/SDE Contract described in the Notice of Action to recipients.

State law requires that a child be signed in and out of class by an adult. (State Licensing Regulation 101229.1 States that the person who signs the child in/out shall use his/her full legal signature and shall record the time of day accurately.) **NO STUDENT MAY REMAIN ON CAMPUS WITHOUT A LEGAL SIGNATURE.** Please do not send anyone under the age of 18 to pick up your child from preschool. The teacher Will Not release your child to another student, anyone under the age of 18, or if the person is not listed on the Emergency Card, without your consent. No Exceptions!

MORNING (AM) CLASSES:

Teachers do not open the door until 7:55 am so please do not bring your children before this time. Following check in and attendance, the teacher will begin lessons and activities that are important for your child. When your child arrives late he will be missing part of the planned curriculum. Also, at arrival time, the teacher is not available to visit or discuss items with the parent. This is the time for the teacher to be with the students. Please do not expect the teacher to stop lessons and talk with you.

It is imperative that you pick up your child promptly at 11:00 am. Children that are not picked up BY 11:00 am will be walked to the preschool office. This will count as a TARDY and you will have to sign your child out in the office. The teachers and tutors need to have their lunch and get ready for the afternoon (PM) sessions of preschool. This is the teachers' and tutors' time. They can not be watching children who have been left behind.

AFTERNOON (PM) CLASSES:

Do not bring your child before 11:40 am. The afternoon class starts at 11:45 am. Students are to wait with parent while in line. Your child is your responsibility until they are signed in. If you leave your child without supervision or you are not keeping your child with you, your child may be dropped from the program as that is a violation of our regulations.

Children are to be picked up by 2:45 pm each day; after 2:45 is considered a tardy. Kerman Unified Preschool does not participate in the Wednesday early release like Kerman-Floyd. Children habitually checked out on these days can be dropped from the program. Check outs on these days are counted as a ½ day absence.

When Your Child Has Been Absent, You Must Either:

1. Come into the office and write the reason for absence on the sign in sheet,
- Or,
2. Send a note stating the reason for absence/ or call in to the preschool (559)843-9342.

Absences that go unverified are considered unexcused and count towards your 10 days prior to dismissal from program.

Tardies

Students who habitually come to school tardy could be dismissed from the program. Morning students are considered tardy if they are not IN class BY 8:00am or picked up by 11:00AM. Afternoon students will be considered tardy if they are not in class at 11:45AM and picked up by 2:45PM. THERE ARE NO EXCEPTIONS. If you are tardy, YOU AND YOUR CHILD MUST STOP BY THE OFFICE, before you enter the classroom. Three unexcused tardies equal one unexcused absence.

AM Session 8:00am - 11:00am

PM Session 11:45am - 2:45pm

Parent Involvement/Responsibilities

Parent involvement is part of the preschool program. Parents are encouraged to help in the classrooms regularly. It is a great way to show your child your interest in their education. Most students get excited to have their parent(s) participate in their day and share with their friends.

Although it is great to volunteer, finding a balance with independence is essential. Teaching your child independence fosters a belief within them that they are competent of taking care of themselves (even though it is hard as a parent to let go at times). It allows students to find meaningful activities, and you allow them to experience freedom and learn many important lessons. Our classroom policies for volunteers are: *You must fill out and have a parent volunteer form cleared. *No more than two parents can help in the classroom. *Please sign up on the calendar in the classroom. *You may sign up once a week, maximum/4 times a month. *NO USE OF CELL PHONES IN CLASS, AND YOU MAY NOT TAKE OTHER STUDENTS' PICTURES. *Some days may be blocked on the calendar for special events, making parent gifts, etc. (Some days, we may not need help, but I can ask other classes if they need help.)

If you have any further questions, please feel free to contact your child's teacher or set up a time to talk before or after school.

Please see your child's teacher to sign up. Siblings or other children are NOT allowed to participate when a parent volunteers or at any preschool activities. Due to the limited space on the bus for our field trips, your participation gives you priority to chaperone.

PER SB 792, ANY PARENT/CHAPERONE THAT VOLUNTEERS OR PARTICIPATES IN A SCHOOL ACTIVITY/FUNCTION/FIELD TRIP MUST BRING IN PROOF OF HIS/HER MMR, TDaP, INFLUENZA (or influenza waiver), AND TB MUST BE FILED WITH THE SECRETARY AT THE PRESCHOOL OFFICE. A DISTRICT-APPROVED PARENT VOLUNTEER FORM MUST BE ON FILE 2 WEEKS BEFORE THE ACTIVITY/FUNCTION/FIELD TRIP.

All children must be signed in and signed out with a complete signature daily. Only the parent or another adult (age 18 or older) designated by the parent (in writing) may bring the child to and from school. All designated adults must be listed on the student's emergency card, along with working phone numbers. Signatures MUST be legible, and the correct time must be noted. If you or the responsible person bringing your child to school does not sign in, your child will be brought to the preschool office. You will be called to come back and sign your child in. This will result in your child being tardy. It is your responsibility to notify your care provider of these rules.

If you need to pick up your child early from class, you must sign in at the main office, the preschool office, and the classroom before taking your child. WE ARE A CLOSED CAMPUS. THEREFORE, THE GATES WILL NOT BE OPEN FOR YOU TO COME AND PICK UP YOUR CHILD. YOU WILL HAVE TO COME THROUGH THE MAIN OFFICE.

Changes of address, income status, telephone number, job, new business/work address/telephone number, etc., must be reported to the preschool secretary WITHIN 5 DAYS to ensure that information is always accurate.

We have five parent meetings during the school year; parents are encouraged to attend. The agendas for these meetings will be posted on the sign-in sheets in the classroom one week before the meeting.

Parent Advisory Committee (PAC) - We have a Parent Advisory Committee that meets after each preschool parent meeting, and it is part of our requirements that allow us to receive state funding. The funds are used to supplement the regular program. The purpose of the PAC is to develop and approve plans to improve the effectiveness of the school program. To accomplish this task, the PAC meets three times a year after a Parent Meeting to assess students' needs and monitor the plan's implementation. We need one parent from each classroom. If you are interested, please see your child's teacher.

AS A PRECAUTIONARY MEASURE AND FOR THE SAFETY OF YOUR CHILDREN, YOU MUST ADHERE TO THE FOLLOWING RULES AT ARRIVAL AND DISMISSAL:

1. STUDENT MUST STAY WITH THE PARENT UNTIL HE/SHE IS SIGNED IN. STUDENTS OR ANY OTHER CHILDREN MAY NOT BE ON THE PLAYGROUND, ON CLASSROOM RAMPS, OR RUNNING AROUND BEFORE OR AFTER CLASS.
2. IF YOUR CHILD NEEDS TO USE THE RESTROOM BEFORE CLASS, YOU MUST WALK THEM TO THE RESTROOM. HE/SHE IS NOT ALLOWED TO WALK TO THE RESTROOMS BY HIMSELF/HERSELF.
2. AT DISMISSAL TIME, PARENTS ARE TO SIGN FOR THEIR CHILD, AND THEN THE CHILD WILL BE CALLED BY STAFF TO BE DISMISSED.
3. NO OTHER SIBLINGS/NON-PRESCHOOL CHILDREN WILL BE ALLOWED IN THE CLASSROOM DURING CHECK-IN OR DISMISSAL TIME. SIBLINGS/NON-PRESCHOOL CHILDREN ARE TO REMAIN IN LINE WITH THE PARENT.

4. NO PARENT CONFERENCES ARE ALLOWED TO TAKE PLACE DURING CHECK-IN OR DURING DISMISSAL TIME. IF YOUR TEACHER HAS TIME AFTER DISMISSAL, HE/SHE WILL LET YOU KNOW. IF NOT, PLEASE MAKE SURE YOU CALL OR COME BY THE PRESCHOOL OFFICE TO SET UP A TIME TO MEET WITH THE TEACHER IF YOU HAVE ANY CONCERNS.

FAILURE TO COMPLY WITH THE RULES ESTABLISHED FOR YOUR CHILD'S SAFETY MAY RESULT IN ADMINISTRATIVE CONSEQUENCES.

Dress Code

Kerman Unified School District - Basic Dress Code

The purpose of dress regulations is to help each student set a standard for his/her appearance that is appropriate within the accepted standards of the Kerman Unified School District. A KUSD student is expected to demonstrate pride in his/her appearance because it reflects individually on him/her and collectively on the school he/she attends. Daily attire need not be expensive to be attractive and entirely acceptable. All apparel must comply with the KUSD Dress Code. The Dress Code shall be in effect at all school-related activities on and off campus, including award ceremonies, dances, and field trips.

Specific apparel/hairstyle/hair color is inappropriate for school, based on health, safety, and potential disruption guidelines. (BP 5132) From time to time, the site administrator may ban additional items of clothing or dress that are determined to threaten the welfare of students and staff. Administrators may exercise discretionary authority in determining whether a student violates the Dress Code. Students breaking the Dress Code are subject to a referral, parent contact, suspension, or transfer. Repeated incidents will be treated as defiance of the school's authority. Students disguising dress code violations (with jackets, sweatshirts, sweaters, etc.) are subject to being written up with a referral. The following guidelines shall apply to all school activities, such as award ceremonies, dances and field trips.

1) Anything that promotes a gang image will not be allowed. (Ed. Code 35183)

a) College or University apparel may be worn on campus and at school-related activities. Any reference or picture of a "bulldog", regardless of whether it references "Fresno State," is prohibited. Apparel from the University of North Carolina Tar Heels or Nebraska Cornhuskers is not allowed

2) All clothing shall be neat, clean, and acceptable in repair and appearance and shall be worn within the bounds of decency and good taste as appropriate for school. Clothing and jewelry shall be free of writing, pictures or any other insignia which are crude, vulgar, profane, or sexually suggestive or which advocate racial, ethnic, or religious prejudice or the use of drugs or alcohol (Includes any patches on clothing or backpacks) Garments shall be sufficient to conceal undergarments at all times appropriately. Clothing shall be worn as its design was traditionally intended.

a) Pants must be worn at the waist (no sagging) and fit at the actual waist. Baggy pants that are larger than two waist sizes are not allowed. Pants or stockings (hose) may not have holes in them.

b) Shorts or skirts must be hemmed with no frayed or shredded edges. Shorts or skirts are appropriate if the short or skirt is at or below the student's fingertips when standing in a relaxed posture.

c) Underwear-type sleeveless shirts/blouses, see-through or fishnet fabrics, which expose the body in a sexually suggestive manner, are not acceptable.

d) All shirts, blouses, and other upper garments must cover the entire torso. Openings for the neck and arms which expose the body in a sexually suggestive manner are not acceptable.

e) No strapless garments are allowed. All shoulder straps must be of sufficient width to cover undergarments straps.

Examples may include “mohawks” and/or “tails.”
- 4) Chains, collars, or bracelets with spikes or studs, or any other injurious objects not necessary for the academic purpose of the pupil are prohibited on school grounds (Ed. Code 49330)
- 5) Earrings are to be worn in ears only. Visible body piercings or studs that cause undue attention to the wearer, such as (nose, lip, eyebrow, tongue, etc.) is not allowed.
- 6) Tattoos are discouraged, whether temporary or permanent. Tattoos of any kind which, in the administration's opinion, reflect gang affiliation or promote drug, alcohol, or tobacco use are prohibited to the extent such exclusion is reasonable. Students with permanent tattoos which express gang affiliation may be directed to cover such tattoos within reason.
- 7) Any court-ordered monitoring device must always be covered.

Students considered out of the dress code are referred to the office. An administrator decides whether or not the student is out of the dress code. If the administrator determines that the student does not meet dress code regulations, the student may be temporarily removed from classes until dress code regulations are met. Students found to violate the dress code may not be allowed to leave campus due to loss of instructional time. Students may be required to change at school and wear clothing issued to them by the Administration. Failure to comply with the directives of the school administrator will result in an assignment in possible school suspension.

Repeat offenders (defiance of the school’s authority) will face disciplinary action, including a referral, parent contact, detention, suspension, or placement on a behavior contract. Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports, classes and/or field trips. The principal, staff, students, and parents/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Consequences For Dress Code Violations

Students who do not comply with the dress code will receive the following consequences:

1st Infraction - Phone call home with a letter (#1) from site administrator/designee as a follow-up.

2nd Infraction - The parent will be notified to come and take the student home for a change of clothing or bring a change of clothing to school.

3rd Infraction - The student will receive an in-house suspension for one day. Parent notification as required under suspension guidelines, Ed Code 48900, subsection “k.”

If you have any questions regarding the dress code, use this rule of thumb:

IF IN DOUBT, DON’T WEAR IT!!

Discipline

The Kerman Unified Preschool Program has developed a discipline plan that is firm, fair, and consistent. We believe that all children have a right to go to school in a safe environment. Also each child deserves the opportunity to learn free from the influence of disruptive classmates. With these basic principles in mind, we have developed policies and procedures that will enable the staff to prepare and deliver to each child the educational program that is desired.

Rules Of Discipline:

Positive Behavior Support

Behavior support refers to the methods used to help children develop behaviors that assist with individual growth, positively resolve conflicts and lead to beneficial relationships with other children and adults.

The behavior support philosophy of Kerman Unified Preschool is based on the beliefs that children are powerful, self-regulating and desire positive relationships with other children and adults. These beliefs have major implications for the types of discipline methods regarded as acceptable, the organization of the environment, and the part of the teacher.

Methods of Positive Behavior Support: Acceptable vs. Unacceptable

There are many methods of discipline, however, only those that honor and respect children as capable are deemed as acceptable.

While materialistic rewards (candy, toys and other “bribes”) may lead to short-term results, their effects may not be constant over time or help your child to truly embrace the reasons for behaving in a particular way. Materialistic rewards reduce your child’s ability to learn ways to direct behavior and reflect on its consequences. The Kerman Unified Preschool program does not use treats or rewards for discipline for behavior reform. Intrinsic rewards (acknowledging positive choices, encouragement, high fives, hugs, etc.) are preferred because they are based on the notion that your child has an aspiration for growth, self-knowledge and fruitful relationships.

Children need to have a role in establishing rules for suitable conduct and in helping peers to remember and follow these rules. In this way, children are actively involved in setting the stage for positive discipline. Simple rules for the classroom may include: listening to others, keeping hands to ourselves, speaking respectfully to others, etc.

Some types of punishment may lead your child to become confused about the kind of behavior that is acceptable and may leave your child feeling angry, resentful, guilty and “bad”. Adults who use preventive strategies prevent the need for drastic intervention and correct misbehavior by redirecting and providing alternatives. Children need to understand that it is not he/she who is “bad,” but rather they made a “bad/wrong choice.” It needs to be explained to them what was wrong and then follow up with what is acceptable. The use of corporal punishment is intolerable as well as illegal. In some cases, time away from the group may be required but should be treated as a non-punitive. The “reflective thinking” time ends as soon as your child is composed and ready to work in a more cooperative, pleasant manner.

Managing behavior should always begin by listening to children, observing body language, and carefully observing behaviors to understand cause and objectives. Every child and age is unique; therefore, behavior support methods will need to differ. Adults can help young children to clarify a conflict and learn skills of negotiation by helping verbalize responses and feelings for the children. Adults should encourage them to learn to express these responses and feelings for themselves. This is best done individually with children or in small groups with time for interaction, discussion, and role modeling.

Difficult Behaviors: Biting, Hitting, Kicking and Other Anti-Social Acts

Kerman Unified Preschool is obligated under the terms of the preschool’s license and California code of Regulation to protect health and safety of the children in the preschool. Depending on circumstances, a child may need to be separated from the center to protect the other children in the preschool from harm or the serious aggressive action of a child. Kerman Unified Preschool reserves the right to determine an instant separation and termination of enrollment to protect the health and safety of the children at the preschool.

Programs that serve children, regardless of size, staff training, quality or other characteristics, must deal with instances in which a child is injured through the actions of another child (Greeman, 1995). These actions can be primitive, powerful, overpowering and intense. Small children are capable of causing a serious injury that requires medical attention/treatment. If your child bites another child breaking the skin, they will be sent home for the day. The child who commits this act may be unaware of the effects on the other child and surprised by the concern it causes. Unfortunately other children may quickly model the behavior also creating issues with classroom management. While injuries to children are upsetting, the child who commits such an act is not a bad person or a discipline problem but rather a developing person not yet equipped to handle all the demands of group social interaction. This is sometimes hard for adults to understand, and the reasons behind these behaviors vary and may not be attributed solely to aggressiveness. Impulsiveness and lack of self-control, exhaustion, overstimulation, pressure, frustration, and illness may be, but not

limited to, possible contributing influences.

Adult response to such actions is exceptionally important; adults need to remember to respond to the situation, not react. The program must accept responsibility when such acts occur at the preschool. Parents of both the child who was hurt and the child, who hurt, must work closely with staff to find solutions for the protection and well-being of the students. All students need to feel safe at school and learn positive social behaviors. Language skills are a critical piece. Staff encourages and works consistently with students to help them express wants, frustrations, and replacing physical action with verbalization. You can help your child by teaching words that are good alternatives such as: "Tell (name of child) you want a turn" or "Tell (name of child) you didn't like that." These simple statements can provide your child with effective options. Both at the preschool and at home, the adult needs to remove the child who commits an unacceptable act, from the situation without giving the child negative attention. Take the child to a quiet place and caution the child firmly but in a neutral manner, "Biting is not OK." "Biting hurts." Use your words. The child should then be redirected to a different activity. At the same time, the setting, situation and activities need to be examined by the adults so that changes can be made to reduce the possibility of the repetitiveness of an improper behavior.

The Environment

The environment is an important piece of the behavior management program. Problems can be minimized in an environment that is organized in a suitable fashion, with attention given to predictable routines, safety and traffic patterns, availability of materials, and engaging activity choices that are challenging and varied. Another ingredient is planning that is thoughtful and flexible. To have success in managing the classroom, teachers need to spend time planning projects that are suitable for children at different levels.

Role of the Teacher

Teachers, after parents, are a great resource to help children learn. The teacher's assists in helping children develop positive behaviors and relationships. Permissiveness is a term used to describe a passive or ambivalent approach to discipline that does not help the child learn self-control and proper social behavior.

Guidelines for parents and teachers include:

- Use methods based on respect and acceptance.
- Help children develop self-control and responsibility.
- Guide students to learn to solve problems for themselves.
- Set and implement class rules and reasonable limits on behavior.
- Encourage children to use verbal communication and cooperation.
- Plan learning experiences and create an environment that encourages collaboration, self-discovery and identification with the group.
- Model acceptable behavior.
- Work together to best meet the needs of each child's personality, abilities and learning progress.
- Conferences with parents, teachers and/or administrators may be necessary if the following behaviors are evidenced:
- Child has consistent behavior that is harmful to self or others; and
- Child has behavior that creates continuous disruption to the preschool.

A written plan concerning these issues is agreed upon by all concerned parties in our admissions agreement. Kerman Unified Preschool will attempt to work with the parents to assist them with appropriate support resources to guide the child. However, Kerman Unified Preschool reserves the right to terminate the enrollment of the child if preschool staff and the parent/guardian cannot bring about a behavior change that protects the other children in the preschool. This type of action to terminate a child, while regrettable, will be taken to ensure that the personal rights of the children and staff at Kerman Unified Preschool are safeguarded.

Kerman Unified Preschool is obligated under the terms of the preschool's license and California code of Regulation to protect health

and safety of the children in the preschool. Depending on circumstances, a child may need to be separated from the preschool to protect the other children in the preschool from harm or the serious aggressive action of a child. Kerman Unified Preschool reserves the right to make determination for immediate separation and termination of enrollment to protect the health and safety of the children at the preschool.

- Children should arrive on time
- Children will be courteous and respect other children and adults
- Children will not damage school or private property
- Children will not disrupt classroom activities
- Children will not harm themselves, other children, or adults

Consequences:

- Verbal Warning
- One-to-one talk with the teacher
- Removal from the group for a brief time
- Parent/Teacher conference
- Student sent home from school for the day (informal process)
- Suspension from preschool for a limited time (formal process)

Parent/teacher/director conference

- Expulsion from preschool

Parent/teacher/director conference

Playground Rules

Swings:

Children should sit on swings and swing straight forward and back. Children should pump themselves. Adults may give them one start, but should not push them. Children may not jump out of swings, push each other, nor stand inside safety line or swing area.

Slides:

Children should sit down, facing forward to slide down. Only one child is allowed on the slide at a time. Children should wait in line at bottom of the ladder until the child sliding has reached the bottom. Children may not play under the slide, climb up the slide, nor stand at the bottom to catch a child coming down. Children must also wait at the bottom of the ladder until the person in front of them has made it to the top.

Tag:

Children may play tag in wide-open areas of grass. Children may not tackle, push each other down, nor wrestle on the grass.

Balls:

Red rubber balls are for tossing or rolling. Red rubber balls may not be kicked. Nerf soccer balls for kicking, but may not be bounced or tossed, too.

Tricycles:

Children may ride tricycles according to the arrows marked on the blacktop.

Children may not go into the storage area for tricycles unless an adult is there.

Children may not ride the tricycles on the sidewalk.

Children may not run through nor play on the blacktop area when tricycles are being used.

Reckless "drivers" or children with too many "accidents" will lose the privilege of tricycles immediately.

It is important that adults circulate around the playground area to assist children and handle situations before problems occur. The children know the rules. They do not need too many reminders. When a child repeatedly goes against the rules, he needs to have a "time out."

Field Trips

Extended School Activities

Kerman Unified School District believes that field trips complement the curriculum and enhance students' understanding by giving them first-hand experiences that can't be provided in the school setting. Unfortunately, with cutbacks in state funding, neither the district nor the site can finance such field trips. Students will be asked to pay for field trips voluntarily. If not enough students volunteer to pay for the trip, the field trip may be canceled due to insufficient funding.

All field trips are planned for the benefit of the entire class and lead to specific outcomes based on the teacher's lesson plans. Therefore, all students must ride the bus to the field trip destination and stay with the class throughout the field trip. Some parents wish to resume responsibility for their child for the trip home. Forms are available in the preschool office. The form must be completed and returned to the teacher or preschool secretary ONE WEEK before leaving on the trip. Parents must have a volunteer worker form filled out and signed by the director AT LEAST ONE WEEK before THE FIELD TRIP. Parents must also have a valid TB skin test with the preschool office.

Parents are needed to assist with groups of students on our field trips. THIS WILL BE LIMITED TO 6 PARENTS PER CLASSROOM. No parent is allowed to ride the bus unless he/she is assigned as a chaperone. Because parents will be assigned students and have certain duties to perform, other school-age children not enrolled in preschool or younger are not allowed to leave school to attend a preschool field trip or on-campus activities. PER SB 792, ANY PARENT/CHAPERONE THAT VOLUNTEERS OR PARTICIPATES IN A SCHOOL ACTIVITY/FUNCTION/FIELD TRIP MUST BRING IN PROOF OF HIS/HER MMR, TDaP, INFLUENZA (or influenza waiver), AND TB MUST BE FILED WITH THE SECRETARY AT THE PRESCHOOL OFFICE. A DISTRICT-APPROVED PARENT VOLUNTEER FORM MUST BE ON FILE 2 WEEKS BEFORE THE ACTIVITY/FUNCTION/FIELD TRIP.

The cost per student for each field trip is carefully calculated and based on a certain number of students going. Once the cost is established and students do not go, there is insufficient money to cover the expenses. Many of the places require advance payment for admission fees. Therefore, no money will be refunded when a child misses a field trip. ALL PAPERWORK AND MONEY ARE DUE TWO WEEKS BEFORE THE DATE OF THE FIELD TRIP. Please send the exact amount for the field trip. Teachers and school staff do not keep cash in their rooms or have change available.

Due to increasing problems with returned checks and debt collecting, all costs for field trips must be paid in cash or with a money order. No checks will be accepted at any time by the personnel at the school site office or by the preschool teacher. Field trips are an extension of the classroom. Therefore, all classroom and school site rules also pertain to field trips. Cameras may be taken, but the school assumes no liability for loss or damage.

Please note: Parents that participate and volunteer in the classroom regularly will have priority to participate as a chaperone.

Interruptions

Interruptions deprive the preschool children of their education. The teachers and tutors must be able to work with the children during their three hours of attendance each day. Preschool is important. Your child is important. It is not fair to deprive a child of such a wonderful education experience because of continual interruptions.

If you need to get a message to the teacher or tutor, call the preschool secretary at (559)843-9340, or email your child's teacher. If your child is going to be absent from preschool for the day, leave a message with the secretary. If you need to have the teacher or tutor call you, the secretary will give them the message and they will return your call after the students go home.

Nutrition

Because the children are only here for 3 hours, they will all be provided with a nutritious snack/meal. Currently, there is no additional cost for meals for parents. If your child has food allergies, it is your responsibility to notify the teacher (as well as list on the emergency card), and have your child's doctor fill out the proper paperwork (available in the preschool office) in a timely manner, so that our district can make swift accommodations for your child.

In Case Of Disaster

Procedure

The preschool has a disaster plan to safely evacuate the children in case of a fire, earthquake, or other disaster. Children will drill on the procedures for getting out of the classroom safely. The school setting is a very safe place for children in event of a disaster. However, we realize that parents/guardians may wish to come get their children. Parent/guardians will be allowed to pick up their children if they have a proper identification as the children will only be released to their parent or legal guardian. Parents must park their vehicles a minimum of one block away from the school to avoid creating a traffic problem. In case parents are unable to pick up their children, we will keep them at school in a safe shelter until the school has received notice from the California Highway Patrol and Caltrans that is safe to transport the children home.

Please remember that the school personnel will take excellent care of your child. The school personnel are trained in safe procedures and have supplies to ensure that your child is safe.

Licensing

The Department of Licensing Agency shall have the authority to interview children or staff; and to inspect and audit child or facility records without prior consent.

The licensee shall make provisions for private interviews with any child(ren) or any staff member and for the examination of all records relating to the operation of the facility.

The Department of Licensing Agency shall have the authority to observe the physical condition of the child(ren), including conditions which could indicate abuse, neglect, or inappropriate placement, and to have licensed medical professional physically examine the child(ren).

Administration

The Director of the Kerman Unified State Preschool Program will be the immediate supervisor of the program, the classes, and the facilities.

The Director will be responsible for the writing of the documentation (records) of the program.

The Director will inspect the buildings and grounds to meet the required standards.

The KUSD Assistant Superintendent of Educational Services will assist with program documentation (Records).

Bullying Information Policy & Procedures (BP 5131.2)

What is Bullying?

"A person is bullied when he or she is exposed to negative actions repeatedly and over time on the part of one or more persons, and he or she has difficulty defending himself or herself."

This definition includes three important components:

- 1. Bullying is aggressive behavior that involves unwanted, negative actions.
- 2. Bullying involves a pattern of behavior repeated over time.
- 3. Bullying involves an imbalance of power or strength.

Types of Bullying

1. Verbal bullying including derogatory comments and bad names
2. Bullying through social exclusion or isolation
3. Physical bullying such as hitting, kicking, shoving, and spitting
4. Bullying through lies and false rumors
5. Having money or other things taken or damaged by students who bully
6. Being threatened or being forced to do things by students who bully
7. Racial bullying
8. Sexual bullying
9. Cyber bullying (via cell phone or Internet)

Consequences

Pursuant to Education Code 48900.4 a student may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

What can parents do?

1. **Encourage your child to report bullying incidents to you.**
 - Validate your child's feelings by letting him/her know that it is normal to feel hurt, sad, scared, angry, etc.
 - Let your child know that s/he has made the right choice by reporting the incident(s) to you and assure your child that s/he is not to blame.
 - Help your child be specific in describing bullying incidents: who, what, where, when. (Look for patterns or evidence of repeated bullying behaviors.)
2. **Treat the school as your ally.**
 - Share your child's concerns and specific information about bullying incidents with appropriate school personnel.
 - Work with school staff to protect your child from possible retaliation.
 - Establish a plan with the school and your child for dealing with future bullying incidents.
3. **Encourage your child to seek help and to report bullying incidents immediately to someone s/he feels safe with at the school:**
 - Adult in charge of a specific activity or area
 - Teacher
 - Counselor
 - Principal
4. **Encourage your child to continue to talk with you about all bullying incidents.**
 - Do not ignore your child's report.
 - Do not advise your child to physically fight back. (Bullying lasts longer and becomes more severe when children fight back. Physical injuries often result.)
 - Do not confront the child who bullies.
 - Do not confront the family of the child who bullies.
 - Engaging in any retaliatory behavior may result in disciplinary consequences.

What is Cyber-Bullying?

Cyber-bullying includes the posting of harassing messages, direct threats, social cruelty, or other harmful text or images on the Internet, social networking sites, or other digital technologies, as well as breaking into another person's account and assuming that person's identity in order to damage that person's reputation or friendships.

Suggestions for Parents (Cyber-Bullying)

- Keep your home computer(s) in easily viewable places, such as a family room or kitchen.
- Talk regularly with your child about online activities he or she is involved in.
- Talk specifically about cyber-bullying and encourage your child to tell you immediately if he or she is the victim of cyber-bullying, cyber-stalking, or other illegal or troublesome online behaviors.
- Encourage your child to tell you if he or she is aware of others who may be the victims of such behavior.
- Explain that cyber-bullying is harmful and unacceptable behavior.
- Outline your expectations for responsible online behavior and make it clear that there will be consequences for inappropriate behavior. Although adults must respect the privacy of children and youth, concerns for your child's safety may sometimes override these privacy concerns. Tell your child that you may review his or her online communications if you think there is reason for concern.
- Consider installing parental control filtering software and/or tracking programs, but don't rely solely on these.
- Remind your child that any posts made online are not private and they are permanent. Online messages cannot be reversed or deleted.

Business and Noninstructional Operations (BP 3312)

Contracts

The Governing Board recognizes its responsibility to enter into contracts on behalf of the district for the acquisition of equipment, supplies, services, and other resources necessary for the achievement of district goals. In exercising this authority to enter into a contract, the Board shall ensure that the district's interest is protected and that the terms of the contract conform to applicable legal standards, including the bidding requirements in Public Contract Code 20111.

(cf. 2121- Superintendent's Contract)
(cf. 3311 - Bids)
(cf. 4312.1 - Contracts)
(cf. 9124 - Attorney)

The Board may, by a majority vote, delegate to the Superintendent or designee the authority to enter into contracts on behalf of the district. To be valid or to constitute an enforceable obligation against the district, all such contracts must be approved and/or ratified by the Board.

(cf. 3300 - Expenditures and Purchases)
(cf. 3314 - Payment for Goods and Services)

Every contract entered into on behalf of the district shall be made available for public inspection, except when the law prohibits disclosure. No contract shall prohibit a district employee from disparaging the goods or services of any contracting party.

(cf. 1340 - Access to District Records)

Contracts for Non-nutritious Foods or Beverages

The district shall not enter into or renew a contract for the sale of foods or beverages that do not meet applicable nutritional standards specified in Education Code 49431-49431.7, 5 CCR 15500-15501 or 15575-15578, or 7 CFR 210.11 or 220.12, unless the contract specifies that such sale will occur off campus or outside the time restriction specified in the applicable law.

(cf. 3554 - Other Food Sales)
(cf. 3555 - Nutrition Program Compliance)

Before the district enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of the contract benefit public education. (Education Code 35182.5)

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include, but not be limited to, the following:

1. Procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources, and integrity of every employee responsible for handling money or property. Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

(cf. 3100 - Budget)
(cf. 3400 - Management of District Assets/Accounts)
(cf. 3460 - Financial Reports and Accountability)

2. Procedures to ensure that district personnel do not handle cash or product at the school site. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

To ensure that funds raised by the contract benefit district schools and students:

1. The Superintendent or designee may invite parents/guardians, students, staff, and interested community members to make recommendations regarding the contract, including recommendations as to how the funds will be spent in a manner that benefits public education.

(cf. 1220 - Citizen Advisory Committees)

2. Prior to ratifying the contract, the Board shall designate the specific programs and activities that will be funded by the proceeds of the contract and consider how the contract reflects the district's vision and goals.

(cf. 0000 - Vision)
(cf. 0100 - Philosophy)
(cf. 0200 - Goals for the School District)

3. The contract shall specify that the contractor report, on a quarterly basis, to the Superintendent or designee the number of food items or beverages sold within the district and the amount of money raised by the sales.

4. The Superintendent or designee shall ensure that the contract does not limit the ability of student and parent organizations to plan and operate fundraising activities.

(cf. 1230 - School-Connected Organizations)

(cf. 1321 - Solicitation of Funds from and by Students)

Any contract for the sale or advertisement of non-nutritious foods or carbonated or non-nutritious beverages shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal. (Education Code 35182.5)

(cf. 3311 - Bids)

The Board shall not enter into or renew any contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods until parents/guardians, students, and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled Board meeting. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting. (Education Code 35182.5.)

(cf. 9322 - Agendas/Meeting Materials)

(cf. 9323 - Meeting Conduct)

The public hearing shall include, but not be limited to, a discussion of the nutritional value of foods and beverages sold within the district; the availability of fresh fruit, vegetables, and grains in school meals and snacks, including locally grown and organic produce; the amount of fat, sugar, and additives in the foods and beverages discussed; and barriers to student participation in school breakfast and lunch programs. (Education Code 35182.5)

(cf. 5030 - Student Wellness)

The contract shall be accessible to the public and may not include a confidentiality clause that would prevent the district or a district school from making any part of the contract public. (Education Code 35182.5)

Contracts for Electronic Products or Services

The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board: (Education Code 35182.5)

1. Enters into the contract at a noticed, public hearing of the Board.

(cf. 9320 - Meetings and Notices)

2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.

(cf. 0440 - District Technology Plan)

3. Establishing admission and enrollment procedures that do not restrict enrollment of students on the basis of race, ethnicity, national origin, or disability, including preventing staff from incorrectly denying applications and ensuring that such persons have equal access to all programs
4. Sending a public release announcing the availability of the child nutrition programs and/or changes in the programs to public media and to community and grassroots organizations that interact directly with eligible or potentially eligible participants

The compliance coordinator shall notify the public, all program applicants, participants, and potentially eligible persons of their rights and responsibilities and steps necessary to participate in the nutrition programs, including program requirements and program availability. Applicants, participants, and the public also shall be advised of their right to file a complaint, how to file a complaint, the complaint procedures, and that a complaint may be filed anonymously or by a third party.

In addition, the compliance coordinator shall ensure that all forms of communication available to the public regarding program availability shall contain, in a prominent location, the most current version of the nondiscrimination statement provided by USDA about the district's status as an equal opportunity provider and the address of the agency with responsibility to handle complaints made against the district.

Forms of communication requiring this nondiscrimination statement include, but are not limited to, web sites, public information releases, publications, and posters, but exclude items such as cups, buttons, magnets, menus, and pens that identify the program when the size or configuration makes it impractical. The nondiscrimination statement need not be included on

every page of program information on the district's or school's web site, but the statement or a link to the statement shall be included on the home page of the program information.

A short version of the nondiscrimination statement, as provided by USDA, may be used on pamphlets, brochures, and flyers in the same print size as the rest of the text.

Priorities for Hiring Based on Unavailability of Credentialed Teacher

The Superintendent or designee shall make reasonable efforts to recruit a fully prepared teacher who is authorized in the subject or setting for each assignment or, when necessary, a fully prepared teacher serving on a local assignment option. Whenever a teacher with a clear or preliminary credential is not available, the Superintendent or designee shall make reasonable efforts to recruit an individual for the assignment in the following order: (Education Code 44225.7)

1. A candidate who enrolls in an approved intern program in the region of the district and possesses an intern credential
2. A candidate who is scheduled to complete preliminary credential requirements within six months and who is granted a provisional internship permit (PIP) or short-term staff permit issued by the CTC

The Board shall approve, as an action item at an open Board meeting, a notice of its intent to employ a PIP applicant for a specific position. (5 CCR 80021.1)

3. An individual who has been granted a credential waiver by the CTC

Prior to requesting that the CTC issue an emergency permit or a limited assignment permit, the Board shall annually approve a Declaration of Need for Fully Qualified Educators. The Declaration of Need shall be approved by the Board as an action item at a regularly scheduled open Board meeting, with the entire Declaration of Need being included in the Board agenda. (Education Code 44225, 44225.7; 5 CCR 80023.2, 80026, 80027, 80027.1)

The Declaration of Need shall certify that there is an insufficient number of certificated persons who meet the district's specified employment criteria for the position(s) and that the district has made reasonable efforts to recruit individuals who meet the qualifications specified in items #1-2 above. The Declaration of Need shall also indicate the number and type of emergency permits that the district estimates it will need during the valid period of the Declaration of Need, based on the previous year's actual needs and projections of enrollment. Whenever the actual number of permits needed exceeds the estimate by 10 percent, the Board shall revise and resubmit the Declaration of Need. (5 CCR 80026)

Whenever it is necessary to employ noncredentialed teachers to fill a position requiring certification qualifications, the Superintendent or designee shall provide support and guidance in accordance with law to ensure the quality of the instructional program.

National Board for Professional Teaching Standards Certification

The Superintendent or designee shall promote a career continuum that includes participation of district teachers in professional learning that supports their completion of advanced certification awarded by the National Board for Professional Teaching Standards (NBPTS). The Superintendent or designee may coordinate a cohort of teachers through school or district programs or other available networks.

With Board approval and funding, and consistent with the collective bargaining agreement and applicable law, the Superintendent may provide an incentive program for teacher participation in NBPTS certification, which may include:

1. Defraying, subsidizing, or reimbursing the registration, certification, or maintenance fees for NBPTS certification

3. Providing substitute teachers to provide release time for participating teachers
4. Providing stipends for teacher participation that match other professional development stipends
5. Compensating mentor teachers who support other teachers' professional learning aligned to NBPTS standards

(cf. 4161.3 - Professional Leaves)

Parental Notifications

At the beginning of each school year or, for a student enrolled after the beginning of the school year, at the time of enrollment, parents/guardians shall be notified of the availability of the following procedures for challenging the contents of student records. Any student who is 18 years of age or attends a postsecondary institution shall have the sole right to challenge the contents of his/her records in accordance with the following procedures. (Education Code 49061, 49063)

(cf. 5125 - Student Records)

(cf. 5145.6 - Parental Notifications)

Procedures for Challenging Records

The custodial parent/guardian of any student may submit to the Superintendent or designee a written request to correct or remove from his/her child's records any information concerning the child which he/she alleges to be any of the following: (Education Code 49070; 34 CFR 99.20)

1. Inaccurate
2. An unsubstantiated personal conclusion or inference
3. A conclusion or inference outside of the observer's area of competence
4. Not based on the personal observation of a named person with the time and place of the observation noted
5. Misleading
6. In violation of the privacy or other rights of the student

Within 30 days of receiving a request to correct or remove any information from a record, the Superintendent or designee shall meet with the parent/guardian and the District employee who recorded that information, if he/she is presently employed by the District. (Education Code 49070)

If the challenge involves a student's grade, the teacher who gave the grade shall be given an opportunity to state, orally and/or in writing, the reasons for which the grade was given. Insofar as practicable, the teacher shall be included in all discussions related to any grade change. In the absence of clerical or mechanical error, fraud, bad faith, or incompetency, a student's grade as determined by the teacher shall be final. (Education Code 49066)

(cf. 5121 - Grades/Evaluation of Student Achievement)

Resolution of Challenge/Appeals

After considering all relevant information, the Superintendent or designee shall sustain or deny the parent/guardian's allegations. (Education Code 49070)

If the parent/guardian's allegations are sustained, the Superintendent or designee shall order the correction or removal and destruction of the information. (Education Code 49070)

If the Superintendent or designee denies the allegations, the parent/guardian may, within 30 days, appeal the decision in writing to the Governing Board. Within 30 days of receiving the written appeal, the Board shall meet in closed session with the parent/guardian and the District employee who recorded the information, if he/she is presently employed by the District. The Board shall then decide whether to sustain or deny the allegations. The decision of the Board shall be final. (Education Code 49070)

(cf. 9321 - Closed Session Purposes and Agendas)

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board sustains any or all of the allegations, the Superintendent or designee shall immediately order the correction or removal and destruction of the pertinent information from the student's records and shall inform the parent/guardian in writing that the information has been corrected or destroyed. (Education Code 49070)

If the parent/guardian does not file an appeal, or if the appeal is denied by the Board, the parent/guardian shall be informed of his/her right to submit a written objection to the information. Any statement submitted by the parent/guardian shall be maintained with the contested part of the record for as long as the record is maintained and shall be disclosed whenever the related part of the record is disclosed. (Education Code 49070; 34 CFR 99.21)

District Residency (BP 5111.1)

The Governing Board desires to admit all students who reside within District boundaries or who fulfill the District residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency

(cf. 5116 - School Attendance Boundaries)

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the District, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

(cf. 5116.1 - Intradistrict Open Enrollment)

(cf. 5117 - Interdistrict Attendance)

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a District school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

(cf. 5111 - Admission)

(cf. 5125 - Student Records)

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

(cf. 5145.13 - Response to Immigration Enforcement)

A student's enrollment may be denied when the submitted documentation is insufficient to establish District residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets District residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (Education Code 48204.1, 48204.2)

The Superintendent or designee may assign a trained District employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the District. (Education Code 48204.2)

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet District residency requirements and denies the student's enrollment in the District, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the District's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the District's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the District shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the District shall not be permitted to attend any District school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that District residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the District's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the District may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

(cf. 5111.2 - Nonresident Foreign Students)

(cf. 6145.6 - International Exchange)

The District may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class. (Education Code 52317)

Instruction

Education for English Language Learners (AR 6174)

Definitions

English learner means a student who is age 3-21 years, who is enrolled or is preparing to enroll in an elementary or secondary school, and whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the student the ability to meet state academic standards, the ability to successfully achieve in classrooms where the language of instruction is English, or the opportunity to participate fully in society. An English learner may include a student who was not born in the United States or whose native language is a language other than English; a student who is Native American or Alaska Native, or a native resident of the outlying areas, who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or a student who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant. (Education Code 306; 20 USC 7801)

Designated English language development means instruction provided during a time set aside in the regular school day for focused instruction on the state-adopted English language development standards to assist English learners to develop critical English language skills necessary for academic content learning in English. (5 CCR 11300)

Integrated English language development means instruction in which the state-adopted English language development standards are used in tandem with the state-adopted academic content standards. Integrated English language development includes specially designed academic instruction in English. (5 CCR 11300)

Native speaker of English means a student who has learned and used English at home from early childhood and English has been the primary means of concept formation and communication. (Education Code 306)

Identification and Assessments

Upon enrollment in the district, each student's primary language shall be determined through the use of a home language survey. (Education Code 52164.1; 5 CCR 11307, 11518.5)

Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be initially assessed for English proficiency using the English Language Proficiency Assessments for California (ELPAC). Prior to administering the ELPAC, the Superintendent or designee shall notify the student's parent/guardian in writing that the student will be administered the initial ELPAC. (Education Code 313, 52164.1; 5 CCR 11518.5)

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.35.

(cf. 6159 - Individualized Education Program)

(cf. 6162.51 - State Academic Achievement Tests)

(cf. 6164.6 - Identification and Education Under Section 504)

Based on the initial assessment, the student shall be classified either as initially fluent in English proficient or as an English learner. The Superintendent or designee shall notify the student's parent/guardian, in writing, of the results of the ELPAC initial assessment within 30 calendar days after the student's date of initial enrollment, or, if administered prior to the student's initial date of enrollment, up to 60 calendar days prior to such enrollment, but not before July 1 of the school year of the student's initial enrollment. The notice shall indicate whether the student met the ELPAC initial assessment criterion for proficiency and include the district's contact information for use if the parent/guardian has questions or concerns regarding the student's classification. (5 CCR 11518.5)

Each year after a student is identified as an English learner and until the student is redesignated as English proficient, the summative assessment of the ELPAC shall be administered to the student during a four-month period after January 1 as determined by the California Department of Education. (Education Code 313)

The Superintendent or designee shall notify parents/guardians of their child's results on the summative assessment of the ELPAC within 30 calendar days following receipt of the results from the test contractor or, if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year. (Education Code 52164.1; 5 CCR 11518.15)

(cf. 5145.6 - Parental Notifications)

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided not later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following: (Education Code 313.2, 440; 20 USC 6312)

1. The reason for the identification of the student as an English learner and the need for placement in a language acquisition program
2. The level of English proficiency, how the level was assessed, and the status of the student's academic achievement
3. A description of the language acquisition program in which the student is, or will be, participating, including a description of all of the following:
 - a. The methods of instruction used in the program and in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction
 - b. The manner in which the program will meet the educational strengths and needs of the student
 - c. The manner in which the program will help the student develop English proficiency and meet age-appropriate academic standards for grade promotion and graduation
 - d. The specific exit requirements for the program, the expected rate of transition from the program into classes not tailored for English learners, and the expected rate of graduation from secondary school if applicable
 - e. When the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP
4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards
5. Information about the parent/guardian's right to have the student immediately removed from a program upon the parent/guardian's request
6. Information regarding a parent/guardian's option to decline to enroll the student in the program or to choose another program or method of instruction, if available
7. Information designed to assist a parent/guardian in selecting among available programs, if more than one program or method is offered

Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.
3. If the number of parents/guardians described in item #2 is attained, the Superintendent or designee shall:
 - a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program
 - b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals
 - c. Within 60 calendar days of reaching the threshold number of parents/guardians described in item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators
 - d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

1. A description of the programs provided, including structured English immersion
2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English
3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development
4. The manner in which the district has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals
5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language
6. The process to request establishment of a language acquisition program not offered at the school
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

The district shall provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers and academic deficits in other areas of the core curriculum. (5 CCR 11302)

Reclassification/Redesignation

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The procedures used to determine whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC
2. Participation of the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student
3. Parent/guardian involvement, including:
 - a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate
 - b. Encouragement of parent/guardian participation in the district's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process
4. Student performance on an objective assessment of basic skills in English that shows whether the student is performing at or near grade level

The student's language proficiency assessments, the participants in the reclassification process, and any decisions regarding reclassification shall be retained in the student's permanent record. (5 CCR 11305) (cf. 5125 - Student Records)

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The Superintendent or designee shall monitor students for at least four years following their reclassification to ensure correct classification and placement and to determine whether any additional academic support is needed.

Advisory Committees

A school-level English Learner Advisory Committee (ELAC) shall be established when there are more than 20 English learners at the school. Annual Evaluation of Consolidated Application Programs

The Board and the Superintendent or designee shall annually determine whether the District's categorical programs funded through the state's consolidated application are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the District level. These criteria may include, but are not necessarily limited to, the progress of all students participating in the program and of each numerically significant subgroup toward goals contained in the District's LCAP, the school's single plan for student achievement, and/or other applicable District or school plans.

Western Association of Schools and Colleges (WASC) Accreditation

The Board believes that accreditation by the Western Association of Schools and Colleges (WASC) can foster excellence and ongoing academic improvement in the District's schools. The results of the accreditation process also may demonstrate to parents/guardians and the community that the schools are meeting their goals and objectives and the WASC criteria for school effectiveness through a viable instructional program.

The Superintendent or designee shall undertake procedures whereby District schools may achieve and maintain full WASC accreditation status. The schools shall conduct a self-study in accordance with WASC requirements, cooperate with the WASC committee during a site visit, and develop and review action plans to increase the effectiveness of the instructional program for students. The Superintendent or designee shall regularly report to the Board on the status of District schools and any WASC recommendations for school improvement.

Not later than 60 days after receiving the results of an inspection of a school by WASC or any other accrediting agency, the Superintendent or designee shall notify parents/guardians in writing of the inspection results and/or shall post the information on the District's or school's web site. Health Examinations (AR 5141.3)

Cautionary Notice: Government Code 17581.5 relieves districts from the obligation to perform specified mandated activities, including scoliosis screening, when the Budget Act does not provide reimbursement during that fiscal year. As a result, districts should determine whether the Budget Act for the current fiscal year allows for the suspension of these requirements, and if so, suspend certain provisions of the following administrative regulation related to scoliosis screening. For more information, the district should consult CSBA's District and County Offices of Education Legal Services or district legal counsel.

The principal at each school shall notify parents/guardians of the rights of students and parents/guardians related to health examinations. (Education Code 48980; 20 USC 1232h)

A parent/guardian may annually file with the principal a written statement withholding consent to the child's physical examination. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected. (Education Code 49451; 20 USC 1232h)

Vision Tests

Each student's vision shall be appraised, by the school nurse or other personnel authorized under Education Code 49452, during the kindergarten year or upon first enrollment or entry in a district elementary school and subsequently in grades 2, 5, and 8. However, a student who is tested upon first enrollment or entry in the district in grade 4 or 7 shall not be required to be appraised in the next immediate year. (Education Code 49455)

The vision appraisal shall include tests for visual acuity, including near vision. Male students shall also be tested once for color vision in grade 1 or later and the results of the appraisal shall be entered in the student's health record. (Education Code 49455)

Appraisal of a student's vision may be waived under either of the following conditions: (Education Code 49455)

1. The student's parent/guardian requests a waiver and presents a certificate from a physician/surgeon, physician assistant, or optometrist showing the results of an examination of the student's vision, including visual acuity and, in male students, color vision.
2. The student's parents/guardians file with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and, in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

Visual defects or any other defects found as a result of the vision examination shall be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The report of a visual defect, if made in writing, shall be made on a form prescribed by the Superintendent of Public Instruction. The report shall not include a referral to any private practitioner. However, the student may be referred to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health. (Education Code 49456)

In addition to the vision appraisals described above, the school nurse and/or classroom teacher shall continually and regularly observe students' eyes, appearance, behavior, visual performance, and perception that may indicate vision difficulties. (Education Code 49455)

Eye Examinations for the Purpose of Eyeglasses

In addition to the vision appraisals described above, the district may enter into a memorandum of understanding with a nonprofit eye examination provider, including a mobile provider, to provide noninvasive eye examinations at a district school exclusively for the purpose of providing eyeglasses. (Education Code 49455.5)

Prior to any eye examination, the school shall notify parents/guardians of the upcoming eye examination and include a form that allows them to opt their child out of the examination. Parents/guardians who have submitted a general opt-out written statement in accordance with Education Code 49451 are deemed to have opted out. (Education Code 49455.5)

Parents/guardians whose child receives an eye examination shall be provided a report by the provider in accordance with Education Code 49456. (Education Code 49455.5)

Hearing Tests

The Superintendent or designee shall provide for the administration of hearing tests to district students by personnel authorized to conduct such testing pursuant to Education Code 49452 and 49454 and in accordance with the procedures specified in 17 CCR 2951.

Each student shall be given a hearing screening test at the following times: (17 CCR 2951)

1. Kindergarten or grade 1
2. Grade 2
3. Grade 5
4. Grade 8
5. Grade 10 or 11
6. Upon first entry into the California public school system

Each student enrolled in a special education program, other than those enrolled because of a hearing problem, shall be given a hearing test when enrolled in the program and every third year thereafter. Hearing tests may be given more frequently as needed, based on the individualized education program team's evaluation of the student. (17 CCR 2951)

A follow-up hearing threshold test shall be administered to any student who fails to respond to any of the required frequencies in the screening test or is otherwise determined to need further evaluation. (17 CCR 2951)

The Superintendent or designee shall provide written notification of test results to the parents/guardians of any student who fails the hearing tests. When the test results fall within the levels specified in 17 CCR 2951 or there is evidence of pathology, such as an infection of the outer ear, chronic drainage, or a chronic earache, the notification shall include a recommendation that a further medical and audiological evaluation be obtained. (17 CCR 2951)

The dates and results of all screening tests and copies of threshold tests shall be included in the student's health records. (17 CCR 2951)

The principal or designee shall prepare an annual report of the school hearing testing program, using forms provided by the Department of Health Services, with copies to the Superintendent and the County Superintendent of Schools. (17 CCR 2951)

Scoliosis Screening

Each female student in grade 7 and each male student in grade 8 shall be screened for scoliosis. (Education Code 49452.5)

The parent/guardian of any student suspected of having scoliosis shall receive a notice which includes an explanation of scoliosis and describes the significance of treatment at an early age. This notice shall also describe the public services available for treatment and include a referral to appropriate community resources. (Education Code 49452.5)

Type 1 Diabetes Information

The Superintendent or designee shall provide parents/guardians of children enrolled in elementary school for the first time, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by the California Department of Education (CDE) regarding type 1 diabetes as specified in Education Code 49452.6.

Type 2 Diabetes Information

Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if the child has type 2 diabetes or pre-diabetes.

The Superintendent or designee shall provide parents/guardians of incoming students in grade 7, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by CDE regarding type 2 diabetes, which includes: (Education Code 49452.7)

1. A description of the disease and its risk factors and warning signs
2. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease
3. A description of the different types of diabetes screening tests available
4. A description of treatments and prevention methods

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

Instruction

Homework /Make-Up Work (BP 6154)

The Governing Board recognizes that meaningful homework assignments can be a valuable extension of student learning time and assist students in developing good study habits. Homework shall be assigned when necessary to support classroom lessons, enable students to complete unfinished assignments, or review and apply academic content for better understanding.

The Superintendent or designee shall collaborate with school administrators and teachers to develop and regularly review guidelines for the assignment of homework and the related responsibilities of students, staff, and parents/guardians.

Homework assignments shall be reasonable in length and appropriate to the grade level and course. The Board expects that the number, frequency, and degree of difficulty of homework assignments will increase with the grade level and the maturity of students. Teachers shall assign homework only as necessary to fulfill academic goals and reinforce current instruction.

(cf. 6011 - Academic Standards)

As needed, teachers may receive training in designing relevant homework assignments that reinforce classroom learning objectives.

(cf. 4131 - Staff Development)

Although on-time completion of homework is important to maintain academic progress, the Board recognizes that students learn at different rates. Students shall receive credit for work that is completed late in order to encourage their continued learning.

Age-appropriate instruction may be given to help students allocate their time wisely, meet their deadlines, learn to work independently, and develop good personal study habits.

At the beginning of the school year, teachers shall communicate homework expectations to students and their parents/guardians. Homework guidelines shall also be included in student and/or parent/guardian handbooks. These communications shall include the manner in which homework relates to achievement of academic standards and course content, the impact of homework assignments on students' grades, any school resources and programs that are available to provide homework support, and ways in which parents/guardians may appropriately assist their children.

Although it is the student's responsibility to undertake assignments independently, parents/guardians may serve as a resource and are encouraged to ensure that their child's homework assignments are completed. When a student repeatedly fails to complete homework, the teacher shall notify the student's parents/guardians as soon as possible so that corrective action can be taken prior to the release of any final grades or report cards.

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

To further support students' homework efforts, the Superintendent or designee may establish and maintain electronic forums, provide access to school library media centers and technological resources, and/or provide before-school and after-school programs where students can receive homework assistance from teachers, volunteers, and/or student tutors. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services.

(cf. 1240 - Volunteer Assistance)
(cf. 1700 - Relations between Private Industry and the Schools)
(cf. 3541 - Transportation Routes and Services)
(cf. 5148 - Child Care and Development)

(cf. 6112 - School Day)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6163.1 - Library Media Centers)

Teachers shall review all completed homework to assess the student's understanding of academic content and shall provide timely feedback to the student.

Makeup Work

Students who are absent from school shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time.

(cf. 5113 - Absences and Excuses)

The Superintendent or designee shall notify parents/guardians that no student may have a grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

(cf. 5121 - Grades/Evaluation of Student Achievement)
(cf. 5145.6 - Parental Notifications)

Suspended Students

When a parent/guardian of a student who has been suspended for two or more school days requests homework that the student would otherwise have been assigned, the student's teacher shall provide such homework. If a homework assignment is requested and is turned in to the teacher by the student either upon the student's return from suspension or within the timeframe originally prescribed by the teacher, whichever is later, and is not graded before the end of the academic term, the homework assignment shall not be included in the calculation of the student's overall grade in the class. (Education Code 48913.5)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the suspension. (Education Code 48913)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Students

Immunizations (AR 5141.31)

Required Immunizations

Upon a student's registration at a district school, the Superintendent or designee shall provide the student's parents/guardians a written notice summarizing the state's immunization requirements.

The Superintendent or designee shall not unconditionally admit any student to a district school, preschool, or child care and development program for the first time nor admit or advance any student to grade 7, unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases: (Health and Safety Code 120335; 17 CCR 6025)

1. Measles, mumps, and rubella
2. Diphtheria, tetanus, and pertussis (whooping cough)
3. Poliomyelitis (polio)
4. Hepatitis B
5. Varicella (chickenpox)
6. Haemophilus influenza type b (Hib meningitis)
7. Any other disease deemed appropriate by CDPH

However, full immunization against hepatitis B shall not be a condition by which the Superintendent or designee shall admit or advance any student to grade 7. (Health and Safety Code 120335)

A student who qualifies for an individualized education program (IEP), unless otherwise exempt, shall be fully immunized in accordance with Health and Safety Code 120335 and this regulation. However, the district shall continue to implement the student's IEP and shall not prohibit the student from accessing any special education and related services required by the student's IEP regardless of whether the student is fully immunized. (Health and Safety Code 120335)

School personnel shall record information for each student regarding all doses of required immunizations and the status of all requirements in accordance with 17 CCR 6070. The school records shall be based on the student's immunization record provided by the student's health care provider, from the student's previous school immunization record, or through the California Immunization Registry (CAIR). (17 CCR 6070)

Exemptions

Exemption from one or more immunization requirements shall be granted under any of the following circumstances:

1. A medical exemption is submitted using the standardized form developed by CDPH and transmitted using CAIR which includes, but is not limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary. (Health and Safety Code 120372)

A student who has a medical exemption issued prior to January 1, 2020 shall be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above. (Health and Safety Code 120370)

A temporary exemption shall not exceed one year, and all medical exemptions shall not extend beyond the grade span. (Health and Safety Code 120372)

If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance pursuant to 17 CCR 6050, as described below. (Health and Safety Code 120372)

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student shall continue in attendance and shall not be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation. (Health and Safety Code 120372, 120372.05)

2. The student's parent/guardian filed with the district, before January 1, 2016, a letter or written affidavit stating that an immunization is contrary to the student's personal beliefs, in which case the student shall be exempted from the immunization until the student enrolls in the next applicable grade span requiring immunization (birth to preschool, grades K-6, grades 7-12). (Health and Safety Code 120335)

When a student transfers to a different school within the district or transfers into the district from another school district in California, the student's personal beliefs exemption filed before January 1, 2016, shall remain in effect until the next applicable grade span. A student transferring from a school outside the district shall present a copy of the personal beliefs exemption upon enrollment. When a student transfers into the district from outside California and presents a personal beliefs exemption issued by another state or country prior to January 1, 2016, the Superintendent or designee may consult with legal counsel regarding the applicable immunization requirements.

3. The student is enrolled in an independent study program pursuant to Education Code 5174551749.6 and does not receive classroom-based instruction. (Health and Safety Code 120335)

Conditional Enrollment

The Superintendent or designee may conditionally admit a student with documentation from an authorized health care provider that the student has not received all the immunizations required for the student's age group but has commenced receiving doses of all required vaccines and is not due for any other doses at the time of admission. The Superintendent or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses as specified in 17 CCR 6035. (Health and Safety Code 120340; 17 CCR 6035)

In addition, a transfer student may be conditionally admitted for up to 30 school days while the student's immunization records are being transferred from the previous school. If such documentation is not presented within 30 days, the student shall be excluded from school until the required immunizations have been administered. (17 CCR 6035)

The Superintendent or designee shall immediately enroll homeless students, foster youth, and students of military families even if their immunization records are missing or unavailable at the time of enrollment. School or district staff shall work with the student's prior school to obtain the student's immunization records or shall ensure that the student is properly immunized. (Education Code 48853.5, 49701; Health and Safety Code 120341; 42 USC 11432)

The Superintendent or designee shall review the immunization record of each student admitted conditionally every 30 days until that student has received all the required immunizations. If the student does not receive the required immunizations within the specified time limits, the student shall be excluded from further attendance until the immunizations are received. (Health and Safety Code 120375; 17 CCR 6040, 6070)

Exclusions Due to Lack of Immunizations

If an enrolled student who was previously believed to be in compliance with immunization requirements is subsequently discovered to not be in compliance with requirements for unconditional or conditional admission, the Superintendent or designee shall notify the parent/guardian that evidence of proper immunization or an appropriate exemption must be provided within 10 school days. This notice shall refer the parent/guardian to the student's usual source of medical care or, if the student has no usual source of medical care, then to the county health department or school immunization program, if any. (Education Code 48216; 17 CCR 6040)

The Superintendent or designee shall exclude from further attendance an enrolled student who fails to obtain the required immunization within 10 school days following the parent/guardian's receipt of the notice specified above. The student shall remain excluded from school until documentation is provided indicating that the student has received a dose of each required vaccine due at that time. (17 CCR 6040, 6055)

The student shall also be reported to the attendance supervisor or principal.

Exclusion Due to Exposure to Disease

If the district has good cause to believe that a student has been exposed to a disease listed in the section "Required Immunizations" above and the student's documentation of immunization does not show proof of immunization against that disease, that student may be temporarily excluded from the school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120370)

Records

Each student's immunization record shall be retained as part of the student's mandatory permanent student record. District staff shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with law. (Health and Safety Code 120375, 120440; 17 CCR 6070)

The district shall also retain in the mandatory student record any physician or health officer statement, personal beliefs letter or affidavit, reason for conditional enrollment, or any other documentation related to the student's immunization record or exemptions.

At least annually, the Superintendent or designee shall file a written report on the immunization status of new students with CDPH and the local department of public health on forms prescribed by CDPH. (Health and Safety Code 120375; 17 CCR 6075)

Audits

If an audit reveals deficiencies in the district's reporting procedures, the Superintendent or designee shall present the Board with a plan to remedy such deficiencies.

Students

Involuntary Student Transfers (BP 5116.2)

The Governing Board desires to enroll students in the school of their choice, but recognizes that circumstances sometimes necessitate the involuntary transfer of some students to another school or program in the District. The Superintendent or designee shall develop procedures to facilitate the transition of such students into their new school of enrollment.

(cf. 5113.1 - Chronic Absence and Truancy)

(cf. 5116.1 - Intradistrict Open Enrollment)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

(cf. 6173.3 - Education for Juvenile Court School Students)

As applicable, when determining the best placement for a student who is subject to involuntary transfer, the Superintendent or designee shall review all educational options for which the student is eligible, the student's academic progress and needs, the enrollment capacity at District schools, and the availability of support services and other resources.

Whenever a student is involuntarily transferred, the Superintendent or designee shall provide timely written notification to the student and his/her parent/guardian and an opportunity for the student and parent/guardian to meet with the Superintendent or designee to discuss the transfer.

Students Convicted of Violent Felony or Misdemeanor

A student may be transferred to another District school if he/she is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805 and is enrolled at the same school as the victim of the crime for which he/she was convicted. (Education Code 48929)

Before transferring such a student, the Superintendent or designee shall attempt to resolve the conflict using restorative justice, counseling, or other such services. He/she shall also notify the student and his/her parents/guardians of the right to request a meeting with the principal or designee. (Education Code 48929)

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 5144 - Discipline)

(cf. 6164.2 - Guidance and Counseling Services)

Participation of the victim in any conflict resolution program shall be voluntary, and he/she shall not be subjected to any disciplinary action for his/her refusal to participate in conflict resolution.

The principal or designee shall submit to the Superintendent or designee a recommendation as to whether or not the student should be transferred. If the Superintendent or designee determines that a transfer would be in the best interest of the students involved, he/she shall submit such recommendation to the Board for approval.

The Board shall deliberate in closed session to maintain the confidentiality of student information, unless the parent/guardian or adult student submits a written request that the matter be addressed in open session and doing so would not violate the privacy rights of any other student. The Board's decision shall be final.

(cf. 9321 - Closed Session Purposes and Agendas)

The decision to transfer a student shall be subject to periodic review by the Superintendent or designee.

The Superintendent or designee shall annually notify parents/guardians of the District's policy authorizing the transfer of a student pursuant to Education Code 48929. (Education Code 48980)

(cf. 5145.6 - Parental Notifications)

Other Involuntary Transfers

Students may be involuntarily transferred under either of the following circumstances:

1. If a high school student commits an act enumerated in Education Code 48900 or is habitually truant or irregular in school attendance, he/she may be transferred to a continuation school. (Education Code 48432.5)

(cf. 6184 - Continuation Education)

2. If a student is expelled from school for any reason, is probation-referred pursuant to Welfare and Institutions Code 300 or 602, or is referred by a school attendance review board or another formal District process, he/she may be transferred to a community day school. (Education Code 48662)

Amended: 11/15/2001; 11/19/2015; 10/20/2016; 04/11/2019

The Governing Board recognizes that responsibilities related to marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board therefore desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

(cf. 5113.1 - Chronic Absence and Truancy)

(cf. 5147 - Dropout Prevention)

(cf. 6011 - Academic Standards)

(cf. 6164.5 - Student Success Teams)

The District shall not exclude or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the District shall not adopt any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code 221.51, 230; 5 CCR 4950; 34 CFR 106.40)

(Education Code 222.5, 48980)

(cf. 5145.6 - Parental Notifications)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved. (Family Code 7002)

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in the regular education program or an alternative education program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or the student's child.

(cf. 6158 - Independent Study)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6184 - Continuation Education)

(cf. 6200 - Adult Education)

Any alternative education program, activity, or course that is offered separately to pregnant or parenting students, including any class or extracurricular activity, shall be equal to that offered to other District students. A student's participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

If required for students with any other temporary disabling condition, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the regular education program or activity. (Education Code 221.51; 5 CCR 4950; 34 CFR 106.40)

(cf. 6142.7 - Physical Education and Activity)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6183 - Home and Hospital Instruction)

To the extent feasible, the District shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Tobacco, alcohol, and/or drug prevention and intervention services

(cf. 5131.6 - Alcohol and Other Drugs)

(cf. 5131.62 - Tobacco)

2. Academic and personal counseling

(cf. 6164.2 - Guidance/Counseling Services)

3. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

(cf. 6179 - Supplemental Instruction)

As appropriate, teachers, administrators, and/or other personnel who work with pregnant and parenting students shall receive related professional development.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Absences

Pregnant or parenting students may be excused for absences for medical appointments and other purposes specified in BP/AR 5113 - Absences and Excuses.

A student shall be excused for absences to care for a sick child for whom the student is the custodial parent. A note from a physician shall not be required for such an absence. (Education Code 48205)

(cf. 5113 - Absences and Excuses)

Parental Leave

A pregnant or parenting student shall be entitled to eight weeks of parental leave in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The Superintendent or designee may grant parental leave beyond eight weeks if deemed medically necessary by the student's physician. (Education Code 46015; 34 CFR 106.40)

The student, if age 18 years or older, or the student's parent/guardian shall notify the school of the student's intent to take parental leave. No student shall be required to take all or part of the parental leave. (Education Code 46015)

When a student takes parental leave, the attendance supervisor shall ensure that absences from the regular school program are excused until the student is able to return to the regular school program or an alternative education program. A pregnant or parenting student shall not be required to complete academic work or other school requirements during the period of the parental leave. (Education Code 46015)

(cf. 5113.11 - Attendance Supervision)

Following the leave, a pregnant or parenting student may elect to return to the school and the course of study in which the student was enrolled before taking parental leave or to an alternative education option provided by the District. Upon return to school, a pregnant or parenting student shall have opportunities to make up work missed during the leave, including, but not limited to, makeup work plans and reenrollment in courses. (Education Code 46015)

When necessary to complete high school graduation requirements, the student may remain enrolled in school for a fifth year of instruction, unless the Superintendent or designee makes a finding that the student is reasonably able to complete District graduation requirements in time to graduate by the end of the fourth year of high school. (Education Code 46015)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6146.11 - Alternative Credits Toward Graduation)

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child
2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk
3. Access to a power source for a breast pump or any other equipment used to express breast milk
4. Access to a place to store expressed breast milk safely

Any complaint alleging discrimination on the basis of pregnancy or marital or parental status, District noncompliance with the requirements of Education Code 46015, or District noncompliance with the requirement to provide reasonable accommodations for lactating students shall be addressed through the District's uniform complaint procedures in accordance with 5 CCR 4600-4670 and BP/AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the District's decision may appeal the decision to the California Department of Education (CDE). If the District or CDE finds merit in an appeal, the District shall provide a remedy to the affected student. (Education Code 222, 46015; 5 CCR 4600- 4670)

(cf. 1312.3 - Uniform Complaint Procedures)

Intradistrict Open Enrollment (AR 5116.1)

Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 14 calendar days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and parent/guardian in making the offer. If the parent/guardian elects to transfer the student, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," intradistrict transfers shall be granted as follows:

1. Within 10 days of receipt of the notification from CDE, the Superintendent or designee shall provide parents/guardians of students attending the school with notice of the school's designation. Along with this notification, or at least 14 calendar days before the start of the school year, the Superintendent or designee shall provide a list of other district schools to which any student of the school that is designated as persistently dangerous may transfer.

(cf. 0450 - Comprehensive Safety Plan)

2. Parents/guardians who desire to transfer their child out of the school shall provide a written response to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students.
3. The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. The Superintendent or designee shall notify the parents/guardians of the assigned school.

4. For students whose parents/guardians accept the offer, the transfer shall be made as quickly as possible. If the parents/guardians decline the assigned school, the student may remain in the current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

(cf. 5117 - Interdistrict Attendance)

Other Intradistrict Open Enrollment

Except for transfers for victims of a violent crime and from a "persistently dangerous school," the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.
2. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.
3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
4. Approved applicants must confirm their enrollment within 10 school days.

Any student who is granted a transfer out of a school that had been identified by CDE for comprehensive support and improvement shall be allowed to remain in the school of enrollment until completing the highest grade offered at that school. (20 USC 6311)

(cf. 0520.1 - Comprehensive and Targeted Support and Improvement)

A student granted intradistrict enrollment under other circumstances shall not be required to reapply for readmission but may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

(cf. 1312.3 - Uniform Complaint Procedures)

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (Education Code 35160.5, 48980)

1. All options for meeting residency requirements for school attendance

(cf. 5111.1 - District Residency)

2. Program options offered within local attendance areas
3. A description of any special program options available on both an interdistrict and intradistrict basis
4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied
5. A district application form for requesting a change of attendance
6. The explanation of attendance options under California law as provided by CDE

(cf. 5145.6 - Parental Notifications)

Interdistrict Attendance (AR 5117)

Interdistrict Attendance Permits

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year

2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries (cf. 5148 - Child Care and Development)
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel (cf. 6159 - Individualized Education Program)
3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance
4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school attended as a junior, even if the student's family moved out of the district during the junior year
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district
8. When the student will be living out of the district for one year or less
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence

(cf. 5113.1 - Chronic Absence and Truancy)
(cf. 5113.12 - District School Attendance Review Board)
10. When there is valid interest in a particular educational program not offered in the district of residence
11. To provide a change in school environment for reasons of personal and social adjustment

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

(cf. 5145.6 - Parental Notifications)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

(cf. 5119 - Students Expelled from Other Districts)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.
2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.
3. The Board determines that the transfer would negatively impact any of the following: (Education Code 48307)
 - a. A court-ordered desegregation plan
 - b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31
 - c. The racial and ethnic balance of the district, consistent with the California Constitution, Article 1, Section 31

Nondiscrimination / Harassment Policy & Procedures (BP 5145.3)

KERMAN UNIFIED SCHOOL DISTRICT

BP 5145.3

StudentsNondiscrimination/Harassment

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

The Governing Board desires to provide a safe school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

(cf. 5145.9 - Hate-Motivated Behavior)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6164.6 - Identification and Education Under Section 504)

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying

and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Physical Education Annual Notice

Kerman Unified School District strives to provide the highest quality educational experience we can envision for our students. Included in that is a high quality physical education (P.E.) program in our elementary schools. California Education Code governs how much PE is taught in each classroom. As per California Education Code 51210(g), first through sixth grade teachers are required to teach 200 minutes of physical education over 10 instructional days. It is at the discretion of the classroom teacher as to how and when these minutes are distributed over this time frame. We are providing this notice to inform parents/guardians that, if they have questions regarding P.E. minutes, they should first contact their child's teacher or principal. If they are not satisfied with school's response they may contact the Director of Curriculum, Instruction and Assessment. If there is an interest in filing a formal complaint with the district regarding P.E. minutes of instruction, parents are to use Kerman Unified School District Uniform Complaint Form Board Policy 1312.3(a). We in KUSD encourage a well-rounded educational experience, and physical education is a strong component of that experience.

Students

Questioning and Apprehension by Law Enforcement (BP 5145.11(a))

Questioning

The Governing Board believes that the safety of District students and staff is essential to achieving the goal of student learning. In accordance with standards specified in law, law enforcement officers may interview and question students on school premises and may remove them when appropriate.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 3515.3 - District Police/Security Department)

(cf. 4158/4258/4358 - Employee Security)
(cf. 5141.4 - Child Abuse Prevention and Reporting)
(cf. 5145.12 - Search and Seizure)

The Superintendent or designee shall collaborate with local law enforcement agencies to establish procedures which enable law enforcement officers to carry out their duties on the school campus, including, when necessary, the questioning and/or apprehension of students.

The principal or designee shall accommodate the interview in a way that causes the least possible disruption for the student and school and provides the student appropriate privacy.

At the law enforcement officer's discretion and with the student's approval, the principal or designee may be present during the interview.

Except in cases of child abuse or neglect, the principal or designee shall attempt to notify the student's parent/guardian as soon as practicable after the law enforcement officer has interviewed the student on school premises.

Subpoenas

If a minor student is removed from school into the custody of law enforcement, the principal or designee shall immediately notify the parent/guardian or responsible relative regarding the student's release and the place to which he/she is reportedly being taken, except when the minor has been taken into custody as a victim of suspected child abuse. (Education Code 48906)

Although subpoenas may legally be served at school on students age 12 or older, the Board believes that serving officials should be strongly urged to serve subpoenas at the home of the student whenever possible. When served at school, the principal or designee shall take reasonable steps to protect the student's privacy rights and to minimize loss of class time for the student.

All Personnel

Sexual Harassment (BP 4119.11/4219.11/4319.11)

The following policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation
2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply
3. Ensuring prompt, thorough, fair, and equitable investigation of complaints
4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

District employees who feel that they have been sexually harassed in the performance of their district responsibilities or who have knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to their direct supervisor, a district administrator, or the district's Title IX Coordinator. Employees may bypass their supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor or administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures or AR 4030 - Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee found to have engaged or participated in sexual harassment or to have aided, abetted, incited, compelled, or coerced another to commit sexual harassment in violation of this policy shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Students

Sexual Harassment (BP 5145.7)

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 5131 - Conduct)
(cf. 5131.2 - Bullying)
(cf. 5137 - Positive School Climate)
(cf. 5145.3 - Nondiscrimination/Harassment)

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 - Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 - Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

(cf. 1312.1 - Complaints Concerning District Employees)
(cf. 1312.3 - Uniform Complaint Procedures)
(cf. 5141.4 - Child Abuse Prevention and Reporting)
(cf. 5145.71 - Title IX Sexual Harassment Complaint Procedures)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)
(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

Instruction

Standardized Testing and Reporting Program (AR 6162.51)

The Superintendent or designee shall administer the California Assessment of Student Performance and Progress (CAASPP) to all district students at applicable grade levels, except those students exempted by law.

The students of any charter school that receives its state funding allocation through the district shall be tested in coordination with the testing of district students. In addition, the Superintendent or designee shall arrange for the testing of students in any alternative education program or program conducted off campus, including, but not limited to, non-classroom-based programs, continuation schools, independent study, community day schools, county community schools, juvenile court schools, or nonpublic, nonsectarian schools. No test shall be administered in a home or hospital except by a test administrator or test examiner. (5 CCR 851)

On or before July 1 of each year, the Superintendent or designee shall identify any district school(s) with students who are unable to access the computer-based assessment of a CAASPP test and shall report the number of such students to the test contractor. If available, a paper and pencil version of the assessment may be administered to such students. (5 CCR 853, 857)

On or before July 1 of each year, the Superintendent or designee shall designate a district coordinator who shall oversee all matters related to the testing program and serve as the district representative and liaison with the test contractor and the California Department of Education (CDE). The Superintendent or designee shall also designate a coordinator for each test site. The duties of the district and site test coordinators shall include those specified in 5 CCR 857-858. (5 CCR 857-858)

The Superintendent or designee also shall appoint trained test administrator(s) to administer the CAASPP achievement tests and test examiner(s) to administer the California Alternate Assessments. A test examiner shall be a certificated or licensed employee or contractor of the district or county office of education. (5 CCR 850)

As appropriate, the Superintendent or designee shall assign a specially trained district employee to serve as a test proctor to assist the test examiner; a specially trained district employee, or other person supervised by a district employee, to serve as a translator to translate the test directions into a student's primary language; and a district employee to serve as a scribe to transcribe a student's responses to the format required by the test. A student's parent/guardian or sibling shall not be eligible to be that student's translator or scribe. (5 CCR 850)

All test administrators, test examiners, proctors, translators, scribes, district and site test coordinators, and other persons having access to any of the CAASPP achievement tests and corresponding test materials, assessment technology platform, or tests administered pursuant to Education Code 60640 shall acknowledge the limited purpose of their access to the achievement tests by signing a test security affidavit. In addition, all district and site test coordinators shall sign a test security agreement before receiving any CAASPP achievement tests and corresponding test materials. The test security affidavit and test security agreement shall be those set forth in 5 CCR 859. (5 CCR 850, 859)

Tests Included in the State Assessment System

The district shall administer the following CAASPP assessments: (Education Code 60640; 5 CCR 851.5)

1. The Smarter Balanced summative assessments for English language arts and mathematics in grades 3-8 and 11, except that:
 - a. Recently arrived English learners, defined pursuant to Education Code 60603 as English learners who are in their first 12 months of attending a school in the United States, shall be exempted from taking the English language arts assessment to the extent allowed by federal law. A recently arrived English learner may be administered the test upon request by the student's parent/guardian.
 - b. Students with disabilities who are unable to participate in the English language arts and mathematics assessments, even with the resources described in the section "Testing Variations" below, shall be provided an alternate test when designated in their individualized education program (IEP), as provided in item #3 below.
2. The California Science Test (CAST) at grades 5, 8, and once in grades 10-12
3. However, students with disabilities who are unable to participate in the CAST, even with the resources described in the "Testing Variations" section below, shall be provided an alternate test when designated in their IEP, as provided in item #3 below.
4. The California Alternate Assessments (CAA) in English language arts, mathematics, and science for students with significant cognitive disabilities who are unable to take the tests specified in items #1-2 above, even with appropriate accommodations or other testing resources, and who have an IEP that designates the use of alternate tests at the applicable grade levels

In addition, the Superintendent or designee may administer the California Spanish Assessment (CSA) to English learners. Administration of this test shall not replace the administration of the above tests, administered in English, to English learners. (Education Code 60640)

The CSA also may be used to assess students in a dual language immersion program who are not limited English proficient or who are redesignated fluent English proficient, subject to approval by CDE of an agreement between the district and the state testing contractor. (Education Code 60640)

Throughout the school year, schools may use Smarter Balanced interim assessments and formative assessment tools at any grade level to provide timely feedback regarding students' progress toward mastery of the skills measured by the summative assessments in English language arts and mathematics and to assist teachers in continually adjusting instruction to improve learning. The Superintendent or designee may determine the timing and frequency of the administration of such assessments.

Exemptions

Each year the Superintendent or designee shall notify parents/guardians of their child's participation in the CAASPP and of the provisions of Education Code 60615 related to exemptions from testing. (5 CCR 852)

Parents/guardians may annually submit to the school a written request to excuse their child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. However, district employees shall not solicit or encourage any exemption request on behalf of any student or group of students. (Education Code 60615; 5 CCR 852)

If a parent/guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent/guardian and included in the student's records. (5 CCR 852)

Testing Period

The Superintendent or designee shall establish testing days for district students within the following available testing windows: (5 CCR 855)

1. Unless otherwise specified in state regulations, assessments shall be administered between the date on which at least 66 percent of the school's or track's annual instructional days have been completed, but no earlier than the second Tuesday in January, and the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.
2. The CAA for science shall be administered annually beginning on a date in September as determined by CDE through the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.
3. The CSA shall be administered to English learners within the testing window specified in item #1.

Within the above testing windows, the Superintendent or designee may designate one testing period for each school or track or, if a school has multiple tracks, a selected testing period for each track. The district shall not exceed six selected testing periods within the available testing window. The testing period shall be no fewer than 25 consecutive instructional days and may be extended up to an additional 10 consecutive instructional days if still within the available testing window set forth in items #1-2 above. (5 CCR 855)

Students who are absent during testing shall be provided an opportunity to take the tests within the testing window.

Testing Variations

All CAASPP tests shall be administered in accordance with the manuals or other instructions provided by the test contractor or CDE except that, as appropriate, the following testing variations may be used: (5 CCR 850, 853-854.4)

1. Universal tools specified in 5 CCR 854.1-854.4 may be used with any student.
2. Designated supports specified in 5 CCR 854.1-854.4 may be used with a student for whom the need has been indicated by an educator or team of educators, with parent/guardian and student input as appropriate, or for whom the need is specified in the student's IEP or Section 504 plan.
3. Accommodations specified in 5 CCR 854.1-854.4 may be used with a student with disabilities when included in the student's IEP or Section 504 plan as resources that are regularly used in the classroom for the student's instruction and/or assessment(s). Such accommodations shall be either utilized in the assessment environment or consist of changes in procedures or materials that increase equitable access during the assessment.
4. An unlisted resource that has not been specifically identified as an approved universal tool, designated support, or accommodation may be used with a student who has an IEP or Section 504 plan provided that the resource is one that is regularly used in the classroom for instruction and/or assessment and CDE has approved its use. At least 10 business days prior to the student's first day of CAASPP testing, the district or school site test coordinator may electronically submit a request to CDE for approval to use that unlisted resource during that year. If CDE determines that the unlisted resource changes the construct being measured, the unlisted resource may nevertheless be used with the student in order to generate an individual score report even though the student shall not be counted in the participation rate for accountability measures. (5 CCR 854.9)

In the administration of the CAA to a student with significant cognitive disabilities, the student may have all instructional supports that may be used in daily instruction or assessment, including language and physical supports, with the exception of any inappropriate test practices listed in test administration manuals. (5 CCR 850, 854.5)

Report of Test Results

For any state assessments that produce valid individual student results, the Superintendent or designee shall forward or transmit the student's test results to the student's parents/guardians within 20 working days from receipt of the results from the test contractor or, if the district receives the results from the contractor after the last day of instruction for the school year, then within the first 20 working days of the next school year. The report shall include a clear explanation of the purpose of the test, the student's score, and its intended use by the district. An individual student's scores shall also be reported to the school and teacher(s) and shall be included in the student record. (Education Code 60641; 5 CCR 863)

With parent/guardian consent, the Superintendent or designee may release a student's test results to a postsecondary educational institution for the purposes of credit, placement, determination of readiness for college-level coursework, or admission. (Education Code 60641)

The Superintendent or designee shall present districtwide, school-level, and grade-level results to the Governing Board at a regularly scheduled meeting. The Board shall not receive individual students' scores or the relative position of any individual student. (Education Code 49076, 60641)

The Governing Board believes that student groups or clubs reinforce the instructional program, give students experience in civics and government, and provide social and recreational activities. Student groups also serve to honor outstanding student achievement and enhance school spirit and students' sense of belonging. Prior to meeting on school grounds, all student groups shall be authorized by the principal/designee in accordance with Board policy and administrative regulation.

(cf. 1321 - Solicitation of Funds from and by Students)

(cf. 3452 - Student Activity Funds)

(cf. 6142.3 - Civic Education)

(cf. 6142.4 - Service Learning/Community Service Classes)

The Board encourages students to pursue interests and clubs which may not directly relate to the District's curriculum and, to that end, has created a limited open forum.

All student-initiated groups shall be given equal access to meet on school premises during noninstructional time without regard to their religious, political, philosophical, or other speech content. The Board shall ensure that: (20 USC 4071, 4072)

1. The meeting shall be voluntary and student-initiated.
2. There shall be no sponsorship of the meeting by the school or staff. The term *sponsorship* means that school staff are promoting, leading, or participating in a meeting. The assignment of a teacher, administrator, or other school employee to a meeting for custodial purposes shall not constitute sponsorship of the meeting.
3. Employees of the school shall be present at religious meetings only in a nonparticipatory capacity.
4. The meeting shall not materially and substantially interfere with the orderly conduct of educational activities within the school.
5. Nonschool persons shall not direct, conduct, control, or regularly attend activities of student groups.

(cf. 1330 - Use of School Facilities)
(cf. 3515.2 - Disruptions)
(cf. 5145.2 - Freedom of Speech/Expression)

All student clubs or groups shall have equal access to the school media to announce meetings, including the public address system, the school newspaper, bulletin boards, and school web site. However, the principal/designee may issue a disclaimer that such activities are not school-sponsored.

All noncurriculum-related student groups shall be given equal access to meeting space, school equipment, and supplies.

No school shall deny equal access or a fair opportunity to meet, or otherwise discriminate against, any group officially affiliated with the Boy Scouts of America, or with any other youth group listed as a patriotic society in Title 36 of the United States Code, for reasons based on the membership or leadership criteria or oath of allegiance to God and country. Suicide Prevention (AR 5141.52)

Staff Development

Suicide prevention training shall be provided to teachers, interns, counselors, and others who interact with students, including, as appropriate, substitute teachers, coaches, expanded day learning staff, crossing guards, tutors, and volunteers. The training shall be offered under the direction of a district counselor, psychologist, and/or social worker who has received advanced training specific to suicide and who may collaborate with one or more county or community mental health agencies.

Materials for training shall include how to identify appropriate mental health services at the school site and within the community, and when and how to refer youth and their families to those services. Materials also may include programs that can be completed through self-review of suitable suicide prevention materials. (Education Code 215)

Additionally, staff development shall include research and information related to the following topics:

1. The higher risk of suicide among certain groups, including, but not limited to, students who are impacted by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning
2. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental illness, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe or traumatic stressor or loss, family instability, impulsivity, and other factors
3. Identification of students who may be at risk of suicide, including, but not limited to, warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent
4. Protective factors that may help to decrease a student's suicide risk, such as resiliency, problem-solving ability, access to mental health care, and positive connections to family, peers, school, and community
5. Instructional strategies for teaching the suicide prevention curriculum, promoting mental and emotional health, reducing the stigma associated with mental illness, and using safe and effective messaging about suicide
6. The importance of early prevention and intervention in reducing the risk of suicide
7. School and community resources and services, including resources and services that meet the specific needs of high-risk groups
8. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for constant monitoring and supervision of the student, during the time the student is in the school's physical custody, while the immediate referral of the student to medical or mental health services is being processed
9. District procedures for responding after a suicide has occurred
10. Common misconceptions about suicide

The district may provide additional professional development in suicide risk assessment and crisis intervention to district mental health professionals, including, but not limited to, school counselors, psychologists, social workers, and nurses.

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum in an age and developmentally appropriate manner and shall be designed to help students:

1. Identify and analyze warning signs and risk factors associated with suicide, including, but not limited to, understanding how mental health challenges and emotional distress, such as feelings of depression, loss, isolation, inadequacy, and anxiety, can lead to thoughts of suicide
2. Develop coping and resiliency skills for dealing with stress and trauma, and building self-esteem
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent
4. Identify trusted adults; school resources, including the district's suicide prevention, intervention, and referral procedures; and/or community crisis intervention resources where youth can get help
5. Develop help-seeking strategies and recognize that there is no stigma associated with seeking services for mental health, substance abuse, and/or suicide prevention
6. Recognize that early prevention and intervention can drastically reduce the risk of suicide

The Superintendent or designee may develop and implement school activities that raise awareness about mental health wellness and suicide prevention.

Student Identification Cards

Student identification cards for students in grades 7-12 shall include the National Suicide Prevention Lifeline telephone number and may also include the Crisis Text Line and/or a local suicide prevention hotline telephone number. (Education Code 215.5)

Intervention

The Superintendent or designee shall provide the name, title, and contact information of the members of the district and/or school crisis intervention team(s) to students, staff, parents/guardians, and caregivers and on school and district web sites. Such notifications shall identify the mental health professional who serves as the crisis intervention team's designated reporter to receive and act upon reports of a student's suicidal intention.

Students shall be encouraged to notify a teacher, principal, counselor, designated reporter, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal, school counselor, or designated reporter, who shall implement district intervention protocols as appropriate.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, discussed, or referred to with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment, or to report child abuse and neglect as required by Penal Code 11164-11174.3. (Education Code 49602)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
3. Keeping the student under continuous adult supervision and providing comfort to the student until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene

4. Removing other students from the immediate area as soon as possible

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If followup care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate steps to ensure the student's readiness for return to school and determine the need for ongoing support.

Postvention

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Superintendent or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed.

Students significantly affected by suicide death and those at risk of imitative behavior should be identified and closely monitored. School staff may receive assistance from school counselors or other mental health professionals in determining how to best discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

After any suicide or attempted suicide by a student, the Superintendent or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

Suicide Prevention (BP 5141.52)

The Governing Board recognizes that suicide is a leading cause of death among youth, prevention is a collective effort that requires stakeholder engagement, and school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior, its impact on students and families, and other trauma associated with suicide, the Superintendent or designee shall develop measures, strategies, practices, and supports for suicide prevention, intervention, and postvention.

In developing policy and procedures for suicide prevention, intervention, and postvention, the Superintendent or designee shall consult with school and community stakeholders, school-employed mental health professionals, suicide prevention experts, and, in developing policy for grades K-6, the county mental health plan. (Education Code 215)

School and community stakeholders and school mental health professionals with whom the Superintendent or designee shall consult may include district and school administrators, school counselors, school psychologists, school social workers, school nurses, other staff, parents/guardians and caregivers, students, local health agencies, mental health professionals, community organizations, law enforcement, legal counsel, and/or the district's risk manager or insurance carrier. The Superintendent or designee may also collaborate with county and/or city governments in an effort to align district policy with any existing community suicide prevention plans.

Measures and strategies for suicide prevention, intervention, and postvention shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, interns, school counselors, and others who interact with students, including, as appropriate, substitute teachers, coaches, expanded day learning staff, crossing guards, tutors, and volunteers
2. Instruction to students in problem-solving, coping, and resiliency skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. The review of materials and resources used in awareness efforts and communications to ensure they align with best practices for safe and effective messaging about suicide
5. The provision of information to parents/guardians and caregivers regarding risk and protective factors, warning signs of suicide, the severity of the suicide problem among youth, the district's suicide prevention curriculum, the district's suicide prevention policy and procedures, basic steps for helping suicidal youth, the importance of communicating with appropriate staff if suicide risk is present or suspected, access to suicide prevention training, and/or school and community resources that can help youth in crisis
6. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
7. Crisis intervention procedures for addressing suicide threats or attempts
8. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

9. Establishment of district and/or school-site crisis intervention team(s) to ensure the proper implementation and review of this policy and other district practices related to the emotional and behavioral wellness of students, including, but not limited to, the oversight of mental health and suicide prevention training, collaboration with community mental health organizations, identification of resources and organizations that provide evidence-based treatment, collaboration to build community response, and compliance with Education Code 215

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning. (Education Code 215)

The Board shall ensure that measures and strategies for students in grades K-6 are age appropriate and delivered and discussed in a manner that is sensitive to the needs of young students. (Education Code 215)

If a referral is made for mental health or related services for a student in grade K-6 who is a Medi-Cal beneficiary, the Superintendent or designee shall coordinate and consult with the county mental health plan. (Education Code 215)

District employees shall act only within the authorization and scope of their credential or license. Nothing in this policy shall be construed as authorizing or encouraging district employees to diagnose or treat mental illness unless they are specifically licensed and employed to do so. (Education Code 215)

The Board shall review, and update as necessary, this policy at least every five years. The Board may, at its discretion, review the policy more frequently. (Education Code 215)

The Superintendent or designee shall periodically review district data pertaining to school climate and reports of suicidal ideation, attempts, or death to identify patterns or trends and make recommendations regarding program development.

The Superintendent or designee shall post this policy on the district's web site, in a prominent location and in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6)

Title IX Sexual Harassment Complaint Procedures (AR 5145.71)

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a student was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30)

A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's education program or activity

Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

All other sexual harassment complaints shall be investigated and responded to pursuant to AR 1312.3 - Uniform Complaint Procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

A report of sexual harassment shall be submitted directly to or forwarded to the district's Title IX Coordinator using the contact information listed in AR 5145.7 - Sexual Harassment.

(cf. 5145.7 - Sexual Harassment)

Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the process for filing a formal complaint.

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations in which a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations. In such cases, the alleged victim is not a party to the case, but will receive notices as required by the Title IX regulations at specific points in the complaint process.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

The Superintendent or designee shall ensure that the Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and that such persons receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, even if a formal complaint is not filed, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures which are nondisciplinary, nonpunitive, and do not unreasonably burden the other party. Such measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures. (34 CFR 106.30, 106.44)

Emergency Removal from School

On an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in 34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint that did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer enrolled or employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly, and simultaneously to the parties, send written notice of the dismissal and the reasons for the dismissal. (34 CFR 106.45)

If a complaint is dismissed on the grounds that the alleged conduct does not constitute sexual harassment as defined in 34 CFR 106.30, the conduct may still be addressed pursuant to BP/AR 1312.3 - Uniform Complaint Procedures as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.

Obtains the parties' voluntary, written consent to the informal resolution process

Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

Formal Complaint Process

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

The district's complaint process, including any informal resolution process

The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

If, during the course of the investigation, the district investigates allegations about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process

The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence

The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall provide either party with no less than three calendar days to raise concerns of conflict of interest or bias regarding any of these persons.

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 45 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the district shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. The same standard of evidence shall be used for formal complaints against students as for complaints against employees. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process

Findings of fact supporting the determination

Conclusions regarding the application of the district's code of conduct to the facts

A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant

The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties

Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator

Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome

Issue a written decision describing the result of the appeal and the rationale for the result

Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the determination, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered. Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Corrective/Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

For students in grades 4-12, discipline for sexual harassment may include suspension and/or expulsion. After the completion of the complaint procedure, if it is determined that a student at any grade level has committed sexual assault or sexual battery at school or at a school activity off school grounds, the principal or Superintendent shall immediately suspend the student and shall recommend expulsion. (Education Code 48900.2, 48915)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Other actions that may be taken with a student who is determined to be responsible for sexual harassment include, but are not limited to:

Transfer from a class or school as permitted by law

Parent/guardian conference

Education of the student regarding the impact of the conduct on others

Positive behavior support

Referral of the student to a student success team

(cf. 6164.5 - Student Success Teams)

Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law

(cf. 6145 - Extracurricular and Cocurricular Activities)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action)

(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)
(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

Record-Keeping

The Superintendent or designee shall maintain for a period of seven years a record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, any appeal or informal resolution and the results therefrom, and responses made pursuant to 34 CFR 106.44. (34 CFR 106.45)

The Superintendent or designee shall also maintain for a period of seven years all materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public. (34 CFR 106.45)

NOTICE OF TITLE IX SEXUAL HARASSMENT POLICY

The Code of Federal Regulations, Title 34, Section 106.8 requires the district to issue the following notification to students at all grade levels and their parents/guardians:

The district does not discriminate on the basis of sex in any education program or activity that it operates. The prohibition against discrimination on the basis of sex is required by federal law (20 USC 1681-1688; 34 CFR Part 106) and extends to employment. The district also prohibits retaliation against any student for filing a complaint or exercising any right granted under Title IX.

Title IX requires a school district to take immediate and appropriate action to address any potential Title IX violations that are brought to its attention. Any inquiries about the application of Title IX, this notice, and who is protected by Title IX may be referred to the district's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education or both.

The district has designated and authorized the following employee as the district's Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, and stalking:

Assistant Superintendent Educational Services 15218 W. Whitesbridge Avenue, Kerman, CA 93630

AssistantSupeEdServices@Kermanusd.com

Any individual may report sex discrimination, including sexual harassment, to the Title IX Coordinator or any other school employee at any time, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person.

Upon receiving an allegation of sexual harassment, the Title IX Coordinator will promptly notify the parties, in writing, of the applicable district complaint procedure.

Title IX Complaint Process

Title IX is a federal law that was passed in 1972 to ensure that male and female students and employees in educational settings are treated equally and fairly. It protects against discrimination based on sex (including sexual harassment). In addition, Title IX protects transgender students and students who do not conform to sex stereotypes. State law also prohibits discrimination based on gender (sex), gender expression, gender identity, and sexual orientation. The preamble to Title IX of the Education Amendments of 1972 states that:

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Compliance Officer

The District designates the individual(s) identified below as the employee(s) responsible for coordinating the District's efforts to comply with applicable state and federal civil rights laws, including Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and the Age Discrimination Act of 1975, and to answer inquiries regarding the District's nondiscrimination policies. The individual(s) shall also serve as the compliance officer(s) specified in AR 1312.3 - Uniform Complaint Procedures as the responsible employee to handle complaints alleging unlawful discrimination targeting a student, including discriminatory harassment, intimidation, or bullying, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, pregnancy, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or any other legally protected status or association with a person or group with one or more of these actual or perceived characteristics. The coordinator/compliance officer(s) may be contacted at: (Education Code 234.1; 5 CCR 4621)

District Responsibility

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs and activities in federally funded education institutions. Thus, all educational District programs and activities must be operated in a nondiscriminatory manner. Some key issue areas addressed by Title IX include: athletics; sexual misconduct, including sexual harassment and sexual violence; pregnant and parenting students; off-campus activities; recruitment and admission; and employment. Education Institutions must protect against discrimination in these areas and protect against retaliation against any person for opposing an unlawful educational practice or policy, or making charges, testifying or participating in any complaint action under Title IX.

Statute of Limitations

A complaint alleging unlawful discrimination or retaliation must be filed no later than six months from the date the discrimination or retaliation occurred, or six months from when the complainant first learned of the unlawful discrimination. The Superintendent or designee may extend this timeline by up to ninety days for good cause, upon written request by the complainant setting forth the reasons for the extension. If you believe your complaint may be outside this time requirement but want to explore other options, please contact the Title IX Coordinator.

How To File A Title IX Complaint

Individuals who have been subject to discrimination prohibited under Title IX may file a complaint with the District as well as the Office for Civil Rights (“OCR”). If a crime is involved, such as sexual assault or rape, individuals may also file a report with the local police department. Individuals may pursue one or all of these avenues at the same time. Below is a summary of each process

District Complaint:

Individuals may file a complaint as follows:

The complaint should be presented to the compliance officer. All complaints should be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, District staff shall assist him/her in the filing of the complaint. (5 CCR 4600) Individuals may file a complaint pursuant to the Uniform Complaint Procedure (UCP) as set forth in District Administrative Regulation No. 1312.3, which can be found at Uniformed Complaint Procedure. Please contact the Title IX Coordinator, as identified above, if you have any questions.

Time Requirement:

In order to file a complaint with the District, individuals must file the complaint as discussed above within six months of the discrimination occurring or awareness of the discrimination (5 CCR 4630(b)). If you have any questions about this time limit, or if you believe your complaint may be outside this time requirement but want to explore other options, please contact the Title IX Coordinator.

Investigative Procedures

Complaints filed under the District’s Uniform Complaint Procedures will be investigated and a decision made within sixty calendar days of the District’s receipt, unless the complainant agrees to an extension. The compliance officer may informally discuss the possibility of mediation with the parties to the complaint. If the parties do not agree to mediation or mediation does not resolve the complaint, the compliance officer will proceed with an investigation of the complaint. The compliance officer or designee will interview alleged victims, alleged offenders, and relevant witnesses. The compliance officer may review available records, statements, or notes related to the complaint, including evidence or information received from the parties during the investigation. The compliance officer may visit reasonably accessible locations where discrimination is alleged to have occurred.

Process for Initiating and Responding to Complaints

Within 30 days of receipt of the complaint, the compliance officer will prepare and send a final written decision to the complainant and respondent. If the compliance officer finds that a complaint has merit, the District will take appropriate corrective action.

If the complainant or respondent is not satisfied with the decision, either the complainant or respondent may, within five business days, file the complaint in writing with the Board. The Board may consider the matter at a Board meeting or decide not to hear the complaint, in which case the compliance officer’s decision shall be final. The Board’s decision must be within 60 calendar days of the District’s receipt of the complaint (unless this deadline is extended by mutual agreement).

The complainant or respondent may appeal the District’s decision within fifteen calendar days to the California Department of Education. The appeal must specify the reason for the appeal and whether the District’s facts are incorrect and/or the law is misapplied. The appeal must include a copy of the original complaint to the District and a copy of the District’s decision. For more information, visit the California

Department of Education’s webpage on Uniform Complaint Procedures: <http://www.cde.ca.gov/re/cp/uc/index.asp>

For complaints alleging unlawful discrimination based on state law, the complainant may pursue available civil law remedies, including seeking assistance from mediation centers or public/private interest attorneys, sixty calendar days after filing an appeal with the California Department of Education. (California Education Code § 262.3.) Note that this sixty day moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (California Education Code § 262.3.)

Complaints may also be filed with the United States Department of Education, Office for Civil Rights, within 180 days of the alleged discrimination. Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy may be filed by any individual, public agency, or organization. (5 CCR 4600)
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee.
3. A UCP complaint, except for a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints related to the LCAP, the date of the alleged violation is the date when the County Superintendent of Schools approves the LCAP that was adopted by the Governing Board. (5 CCR 4630)
4. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges having personally suffered unlawful discrimination, a person who believes that any specific class of individuals has been subjected to unlawful discrimination, or a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. (5 CCR 4630)
5. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
6. When a complaint alleging unlawful discrimination, harassment, intimidation, or bullying is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
7. When a complainant of unlawful discrimination, harassment, intimidation, or bullying or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Districts may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student; see AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to permit the mediator access to all relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Timeline for Investigation Report

Pursuant to 5 CCR 4640, when a UCP complaint is erroneously sent to CDE without first being filed with the district, the 60-day period specified in 5 CCR 4631 begins when the district receives the complaint.

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written investigation report, as described in the section "Investigation Report" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

For any complaint alleging unlawful discrimination, harassment, intimidation, and bullying, the respondent shall be informed of any extension of the timeline agreed to by the complainant.

Investigation Report

For all complaints, the district's investigation report shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. A conclusion providing a clear determination for each allegation as to whether the district is in compliance with the relevant law
3. Corrective action(s) whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600
4. Notice of the complainant's right to appeal the district's investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610
5. Procedures to be followed for initiating an appeal to CDE

The investigation report may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of an investigation report may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the investigation report or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination, harassment, intimidation, and bullying, notice of the investigation report to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient (LEP) student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

For complaints alleging unlawful discrimination, harassment, intimidation, and bullying based on state law, the investigation report shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including, but not limited to, injunctions, restraining orders or other remedies or orders, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination, harassment, intimidation, or bullying, appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints of retaliation or unlawful discrimination, harassment, intimidation, or bullying involving a student as the respondent, appropriate corrective actions that may be provided to the student include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination, harassment, intimidation, or bullying, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the law regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51222, 51223, 51228.3, 52075)

For complaints alleging noncompliance with the law regarding student fees, the district, by engaging in reasonable efforts, shall attempt in good faith to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district's investigation report on a complaint regarding any specified federal or state educational program subject to UCP may file an appeal in writing with CDE within 30 calendar days of receiving the district's investigation report. (5 CCR 4632)

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's investigation report for that complaint. The complainant shall specify and explain the basis for the appeal, including at least one of the following: (5 CCR 4632)

1. The district failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, the district's investigation report lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in the district's investigation report are not supported by substantial evidence.
4. The legal conclusion in the district's investigation report is inconsistent with the law.
5. In a case in which the district found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by CDE that the district's investigation report has been appealed, the Superintendent or designee shall forward the following documents to CDE within 10 days of the date of notification: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the district's investigation report
3. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
4. A report of any action taken to resolve the complaint
5. A copy of the district's UCP
6. Other relevant information requested by CDE

If notified by CDE that the district's investigation report failed to address allegation(s) raised by the complaint, the district shall, within 20 days of the notification,

provide CDE and the appellant with an amended investigation report that addresses the allegation(s) that were not addressed in the original investigation report. The amended report shall also inform the appellant of the right to separately appeal the amended report with respect to the allegation(s) that were not addressed in the original report. (5 CCR 4632)

Health and Safety Complaints in License-Exempt Preschool Programs

Any complaint regarding health or safety issues in a license-exempt California State Preschool Program (CSPP) shall be addressed through the procedures described in 5 CCR 4690-4694.

In order to identify appropriate subjects of CSPP health and safety issues pursuant to Health and Safety Code 1596.7925, a notice shall be posted in each license-exempt CSPP classroom in the district notifying parents/guardians, students, and teachers of the health and safety requirements of Title 5 regulations that apply to CSPP programs pursuant to Health and Safety Code 1596.7925 and the location at which to obtain a form to file any complaint alleging noncompliance with those requirements. For this purpose, the Superintendent or designee may download and post a notice available from the CDE web site. (Education Code 8212; 5 CCR 4691)

The district's annual UCP notification distributed pursuant to 5 CCR 4622 shall clearly indicate which of its CSPP programs are operating as exempt from licensing and which CSPP programs are operating pursuant to requirements under Title 22 of the Code of Regulations. (5 CCR 4691)

Any complaint regarding specified health or safety issues in a license-exempt CSPP program shall be filed with the preschool program administrator or designee, and may be filed anonymously. The complaint form shall specify the location for filing the complaint, contain a space to indicate whether the complainant desires a response to the complaint, and allow a complainant to add as much text as desired to explain the complaint. (Education Code 8212; 5 CCR 4690)

If it is determined that the complaint is beyond the authority of the preschool program administrator, the matter shall be forwarded to the Superintendent or designee in a timely manner, not to exceed 10 working days, for resolution.

The preschool administrator or the Superintendent or designee shall make all reasonable efforts to investigate any complaint within their authority. (Education Code 8212; 5 CCR 4692)

Investigation of a complaint regarding health or safety issues in a license-exempt CSPP program shall begin within 10 days of receipt of the complaint. (Education Code 8212; 5 CCR 4692)

The preschool administrator or designee shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received. If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the preschool administrator or Superintendent's designee shall, within 45 working days of the initial filing of the complaint, report the resolution of the complaint to the complainant and CDE's assigned field consultant. If the preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (Education Code 8212; 5 CCR 4692)

If a complaint regarding health or safety issues in a license-exempt CSPP program involves an LEP student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

The SSPI or his or her designee shall comply with the requirements of 5 CCR Section 4633 and shall provide a written Investigation Report to the State Board of Education describing the basis for the complaint, the Kerman Unified response to the state preschool health and safety issues pursuant to HSC Section 1596.7925 complaint and its remedy or proposed remedy and, as appropriate, a proposed remedy for the issue described in the complaint, if different from our remedy.

If a complainant is not satisfied with the resolution of a complaint, the complainant has the right to describe the complaint to the Board at a regularly scheduled hearing and, within 30 days of the date of the written report, may file a written appeal of the district's decision to the Superintendent of Public Instruction in accordance with 5 CCR 4632. (Education Code 8212; 5 CCR 4693, 4694)

All complaints and responses are public records. (5 CCR 4690)

On a quarterly basis, the Superintendent or designee shall report summarized data on the nature and resolution of all CSPP health and safety complaints, including the number of complaints by general subject area with the number of resolved and unresolved complaints, to the Board at a regularly scheduled Board meeting and to the County Superintendent. 10. 24. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy
25. Any other state or federal educational program the Superintendent of Public Instruction or designee deems appropriate

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process for resolving a complaint in a manner that is acceptable to all parties. An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and requirements related to UCP, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

Non-UCP Complaints

The following complaints shall not be subject to the district's UCP but shall be investigated and resolved by the specified agency or through an alternative process:

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services Protective Services Division or the appropriate law enforcement agency. (5 CCR 4611)
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services. (5 CCR 4611)
3. Any complaint alleging that a student, while in an education program or activity in which the district exercises substantial control over the context and respondent, was subjected to sexual harassment as defined in 34 CFR 106.30 shall be addressed through the federal Title IX complaint procedures adopted pursuant to 34 CFR 106.44-106.45, as specified in AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

Instructions Equity (BP0415)

The Governing Board believes that the diversity that exists among the district's community of students, staff, parents/guardians, and community members is integral to the district's vision, mission, and goals. Addressing the needs of the most marginalized learners requires recognition of the inherent value of diversity and acknowledgement that educational excellence requires a commitment to equity in the opportunities provided to students and the resulting outcomes.

(cf 5145.3 - Nondiscrimination/Harassment)

In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the district shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The Board shall make decisions with a deliberate awareness of impediments to learning faced by students of color and/or diverse cultural, linguistic, or socio-economic backgrounds. To ensure that equity is the intentional result of district decisions, the Board shall consider whether its decisions address the needs of students from racial, ethnic, and indigent communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.
